## CLEMENCY DENIED TO CARL GUNNING

Recommendation of State Pardon Board on Former City Clerk's Plea is Surprise

SERVES HIS MINIMUM TERM

Clemency Also Refused Dr. Elbert Morris; Milroy Veterinarian Sent to Penal Farm

Carl Gunning, former Rushville city clerk and book keeper at the Charles E. Francis company's plant here, was denied clemency by Governor Warren T. McCray in Indianapolis today, according to a dispatch received by the Daily Republican this afternoon.

The state board of pardons recommended that Gunning's plea for clemency be denied and the governor acted upon this recommendation.

The attitude of the board of pardons was a surprise here because Gunning this month will have served the minimum under his sentence of two to fourteen years at the state prison at Michigan City.

The governor also refused clemency for Elbert Morris, a veterinarian of Milroy who was sentenced in the juvenile court here for encouraging the delinquency of a minor girl.

Morris was sentenced November 4, 1922 to a term of six months in the state penal farm and fined \$500. Morris has served a little more than four months of his term.

Carl Gunning was sentenced to a term of two to fourteen years in the Rush circuit court by Judge Will M. Sparks March 16, 1921 when he pleaded guilty to a charge of embezzlement.

It is known that many friends of the former city clerk here have been working in his behalf and that efforts have been made to have the state pardon board act favorably on his plea for clemency.

Persons familiar with the situation fully expected favorable action on the plea because it is generally the rule, it is said, that prisoners are never compelled to serve more than the minimum of their sentence if they make model prisoners.

Friends of Gunning say that he had hoped to gain his freedom this spring when the first two years of his prison term had elapsed.

An effort was made this afternoon (Continued on Page 6)

## BUSINESS METHODS DISCUSSION TOPIC

Rotary Club Takes up Relationship Between Employer and Employee at Luncheon

HISTORY OF ST. PATRICK

The Rotary club held a "Business Methods" meeting at the weekly luncheon at the Social club today, following out a program suggested by International Rotary. Two phases of the subject were discussed by George Griesser of the Charles E. Francis company and Roy Waggener of the Park Furniture company.

The particular topic under discussion today dealt with the relationship between employer and employee. Harold Pearce, Harry G. Francis and Frank M. Mullins engaged in the discussion of the subjects following the two main addresses.

Dr. J. C. Sexton, at the beginning of the meeting, spoke for ten minutes on the life of and the stories that have come down through the ages about the man popularly known as St. Patrick, whose birthday is celebrated March 17. Dr. Sexton said that St. Patrick accomplished what no man before him had done and what no man or group of men had been able to accomplish since his death—converted a whole race of people without war or bloodshed.

Clarence Waldon, formerly a resident of this city who has lately returned here to live, was the only guest present and made a short talk.

## MAY LOSE SIGHT OF EYE

Piece Of Hot Solder Strikes Him In The Face

Robert Conway, 117 West Fourth Street, an employe at the I. & C. car shops, may lose the sight of his left eye as the result of an accident which happened Monday afternoon while he was working at the shops.

He was engaged in making a repair that necessitated the use of solder, and in some manner a piece of the hot metal shot into his face, striking his left eye, and plastering it over. An examination at the Dr. Sexton hospital was made, and it was the belief today that the eye sight was lost, although it may take several days to determine the outcome.

## COURT JUDGMENTS ON NOTES ORDERED

Judge Sparks Rules In Mortgage Foreclosure Suit When Mont Stewart Defaults

TWO BANKS AS PLAINTIFFS

Court judgments on notes foreclosing mortgages were ordered this morning in the circuit court, in the complaint heard of the New Salem state bank and the Rushville National bank against Mont Stewart, et al., when the first named defendant defaulted.

The two banks as plaintiffs were allowed judgment for the amount of \$8,168, principal, interest and attorney fees on their demand; a second judgment was rendered for Thomas Beaver in the amount of \$1,326.27 and a third judgment for Earl H. Payne in the sum of \$502.49.

In the court this morning the evidence was heard on the petition for a guardian for Samuel B. Fisher, an aged blind and infirm person, and Irvin Kinnear was appointed by the court as his guardian.

The divorce suit of Roxie Gray against Wendall Phillips Gray, filed several weeks, has been sent to Henry county on a change of venue, on motion of the defense.

## BODY TO BE BROUGHT TO CITY FOR BURIAL

Ernest Woodcock, Formerly A Rushville Printer, Dies At His Home In Chicago Of Pneumonia

FUNERAL WEDNESDAY AT 10:30

Ernest Woodcock, a former resident of this city, who was engaged as a printer here for a number of years, expired last Friday at his home in Chicago, and will be brought here Wednesday morning for burial and services.

The deceased was 64 years old, and death was caused from pneumonia. Several years ago when he lived here, he was a printer at the Daily Republican office, and will be remembered by many.

His remains will arrive over the C. I. & W. train at seven o'clock in the morning, and will be taken to the residence of Mrs. Belle Cosand, 323 West Third street, where the services will be held at 10 o'clock, and with burial in East Hill cemetery.

The deceased is survived by two children, and two sisters, who are Mrs. Jeanette Sherburn and Mrs. Cora Fogleman of Covert, Mich.

11-MONTHS-OLD BABY DIES

Howard Wayne, 11-months-old son of Mr. and Mrs. Jess A. Walls, living east of New Salem, expired this morning about 7:30 o'clock at the Methodist hospital in Indianapolis, where the baby had been taken Sunday for treatment and an examination today. The body was to be ination. Details of the death were brought to the family home late this afternoon, and funeral arrangements will be announced later.

## LOCAL KNIGHTS TO NOT TO TRY CASE SEND A DELEGATION FOR NINETY DAYS

Preparations Being Made to Attend Dedication of Knights Templar Cottage at Franklin

GIVEN TO MASONIC HOME

Twelve Thousand Members in Indiana Contribute \$5 Each to Erect Place for Boys

Rushville commandery No. 49, Knights Templar, will be represented by a large delegation, it is expected at Franklin on Sunday, May 13, when the Knights Templar cottage at the Masonic Home is dedicated and formally presented to the board of trustees. The program for the dedication ceremonies and exercises incident to the event, is being framed now by the Grand Officers of the Commandery.

It is regarded as definite, however, that Perry T. Newby of Knights-town, Grand Master of Knights Templar in America; George Newhouse, Grand Commander of Indiana Knights Templar and a special representative of the Ohio Commandery, will be here to make addresses at the dedication. Twelve thousand Knights Templar in Indiana have each contributed five dollars to fund for the erection and equipment of the new boys' cottage. They have a personal interest in the memorial and it is confidently believed that at least a thousand of these twelve thousand members of the Commandery will come to Franklin for the exercises.

Rushville commandery participated in the giving for the cottage fund one hundred per cent, the commandery sending a contribution equal to five dollars for every member of the commandery.

An announcement of the dedication was made at a recent meeting of the Rushville commandery and already plans are being made to take a large delegation. Wives and lady friends of the Knights are especially invited to attend.

The Franklin Chamber of Commerce has offered to co-operate in every way possible with the Knights Templar committee in the dedication plans and probably will organize an entertainment committee and an automobile parking squad to handle the parking problem on dedication day. Will W. Suckow, Grand Sword Bearer, of the Indiana Commandery, has received personal assurances from all the other grand commandery officers that they will be there for the exercises.

## HOLDS LEAGUE SHOULD REPORT ON FINANCES

Supreme Court Justice Staley Rules in Case of Anti-Saloon League of New York

A POLITICAL ORGANIZATION

Albany, N. Y., March 13.—The Anti-Saloon League of New York is a political committee and as such should file a statement of receipts and expenditures made in connection with the 1922 primary and general election, Supreme Court Justice Staley ruled here today.

Justice Staley's order was given in a case brought by five Troy citizens to have the organization so declared. In his order, Justice Staley said:

"The proof conclusively disclosed that the Anti-Saloon League of New York, through its officers and employes and at its expense, by the printing and distribution of publications, bulletins, circulars and letters by public addresses made to qualified voters directly referring to the record and qualifications of candidates for nomination and election and by assistance rendered in the organization and direction of workers at the polls was an active participation to aid and defeat candidates for a public office at the primary and general elections of 1922."

"Cooling Off" Amendment to Divorce Law Makes Provision for the Time of Trial

RULE IN EFFECT LOCALLY

Local Court Never Sets Divorce Case For Hearing Until Sixty Days After it is Filed

Hereafter divorce hearings will not be held in the circuit court until ninety days after summonses have been issued to the parties in the suit.

An amendment to the present divorce law, generally termed the "cooling off" provision, was passed by the house and senate of the general assembly which ended its biennial session last week, and has been signed by the governor.

It has been the rule of Judge Will M. Sparks in the Rush circuit court never to set a divorce for trial until sixty days after it had been filed, for the same purpose that the sponsors of the new amendment had.

The Indiana divorce law was amended a few years ago with a provision that no divorce case should be tried within sixty days after the filing date, but it was held unconstitutional by the higher courts. The judge of the Rush circuit court, however, kept the rule in effect regardless of the higher court's ruling.

The supporters of the new amendment contend that it will aid materially in correcting the divorce evil by giving ample time to both husband and wife to think over the action they have taken. It was suggested at the time the amendment was debated that the provision would have the effect of bringing about a number of reconciliations.

A marriage and divorce bill, which, among other things would have prohibited mixed marriages and reduced the number of grounds for divorce, was introduced in the house of representatives by Representative Elizabeth Rainey (Marion Rep.). The bill was endorsed by the General Federation of Women's Clubs and was similar to a measure that had been introduced in the congress. After being mutilated and amended considerably, the measure ultimately was killed.

## COMMENCEMENT IS SET FOR APRIL 20

Eight Will Be Graduated By Washington Township High School At Raleigh This Spring

D. R. STEWART WILL SPEAK

The Raleigh high school in Washington township is the first school to announce the list of graduates and commencement week program, with the graduating exercises set for April 20 at eight o'clock.

Eight Seniors will be graduated from the school, and the list includes the following: Lucile Beam, Stella A. Carson, Virginia C. Davis, George W. Garver, Avis E. Hays, Flavius A. Hyatt, William J. Newkirk and Virginia L. Wildridge.

David K. Stewart will deliver the commencement address and Waggoner's orchestra of this city will furnish the music. B. D. Farthing will present the school diplomas to the graduates.

The class colors are yellow and white, and the flower is sweetheart roses. The motto of the class is, "Hitch Your Wagon to a Star." The teachers of the school are F. L. Maddy, Richard McPherron, Wilma Harrington and Anna Vandavater. E. L. Aiken is township trustee.

FIRE GUTS APARTMENT

Lincoln, Neb., March 13.—A spectacular fire today gutted a four story apartment building here and damaged the Victoria hotel with a loss of \$150,000. Twenty-two families occupying the apartments were forced to flee in their night clothes.

## ASKS FOR HER MAIDEN NAME

Edith Bryant Files Suit For Divorce From Floyd Bryant

Edith Bryant, has filed suit for divorce from Floyd Bryant, and also asks that the court restore her former name of Edith Richardson. The plaintiff alleges that they were married January 13, 1921 and separated June 29, 1922, and that during their married life they lived in Posey township and at 931 North Arthur street, Rushville.

The plaintiff alleges that her husband was cruel, cursed her, threatened to do her bodily harm, and that he was intimate with other women and carried on clandestine correspondence.

## STORM TAKES TOLL OF THIRTY LIVES

South is Heaviest Sufferer, 16 Being Killed in Tennessee, and 9 in Kentucky

TWO KILLED IN CHICAGO

Indiana Recovering From Gale Which Crippled Transportation and Impeded Business

(By United Press)  
Chicago, March 13.—The storm which swept the country from the Mississippi valley eastward Sunday and Monday, took a toll of thirty lives, complete reports today showed.

The south was the heaviest sufferer, sixteen being killed in Tennessee; nine in Kentucky and one in Arkansas. Two lost their lives in Chicago and two in Ohio.

Unsettled weather followed in the wake of the storm here. A light snow fall, and lower temperatures were reported throughout the Great Lakes region.

Indianapolis, Ind., March 13.—Indiana was recovering today from the gale and rain storm which disrupted communications, crippled transportation and seriously impeded all business.

Linemen and trouble shooters from telephone companies were running down broken wires in all parts of the state. It was estimated that sixty-five percent of the property of the Indiana Bell Telephone Company was damaged by the storm. The American Telephone and Telegraph Company, parent of the Indiana Bell, suffered even heavier losses. It was said that seventy-five percent of their facilities were destroyed.

Traction companies, suffering equally as much as the telephone companies were picking up broken poles, mending broken wires and trying to recover in a day from what the elements destroyed in a few hours. Many cars were still running behind schedule, but service has been restored in some degree on all lines.

Steam railroads were still hampered slightly, but the nature of their business let them off with a lighter blow than the other utilities.

While business in general resurrected its scattered equipment, individuals throughout the state whose homes were crushed in the wind, or who sustained other losses were taking stock of losses.

As the wind died down, the spectre of a spring flood haunted residents of river bottomlands. Up in the Wabash, the Wabash river has gone over its banks into the low lands. In other sections of the state, streams have been swollen by the recent rains. Further rain would send the bottomland farmers scurrying to higher ground with their household goods and livestock.

INVESTIGATE SUGAR PRICES

Washington, March 13.—Agents of the department of commerce in Cuba are making a preliminary investigation of the sugar situation in that country, to determine how they affect sugar prices in the United States, it was made known today. Secretary of Commerce Hoover hopes to determine whether the increased sugar prices are unfair and whether a final official investigation shall be made.

## REPARATIONS PLAN UNDER DISCUSSION

Progress To Point Of Private Conferences With Industrials To Ascertain Guarantees

HOPE TO STABILIZE MARK

French Threaten To Shoot Mayor Of Buer If Any More French Are Attacked, Germans Report

By CARL D. GROAT  
(U. P. Staff Correspondent)

Berlin, March 13.—The German government new reparations scheme which will be presented as soon as a favorable opportunity occurs, had progressed today to the point of private conferences with industrials to ascertain the guarantees the latter will be able to give in support of the plan.

In connection with work on its reparations proposals, it is learned that the government also is preparing an unprecedented and far reaching scheme to stabilize the mark and promote general sanity in German finance.

An advantage to Chancellor Cuno in early negotiations will be that present no link for the three fold resistance of government, industrialists and workers has cracked. He would be in a far stronger position with this unity at his back than if there were dissension in the German ranks, as might threaten to develop if the Ruhr occupation became more unbearable.

"If France declares she will annex the Ruhr, then, of course, we shall have to pay," Fritz Thyssen, leading industrialist, is quoted as saying in an interview. "We lost the war hence we must pay, but payment must be arranged reasonably."

"I suggest a commission declare what the total payment shall be and arrange to float a loan in Great Britain or the United States with German export trade as security."

"France could hold the left bank of the Rhine as a pledge and we should be free to produce—and fulfill our obligations."

"The presence of the French army in the Ruhr prevents instead of facilitating payment."

"France seems to want to conduct the Ruhr, which means dominate Europe. Probably she will not succeed, or Europe will experience another period of Napoleonism with all modern contrivances added, making it more horrible."

Berlin, March 13.—The French have threatened to shoot the mayor of Buer, whom they hold as a hostage, if any more French are attacked in the Ruhr, according to reports from German sources today.

## FORMER SCHOOL HEAD OF COUNTY IS DEAD

Isaac O. Harrison, Age Sixty Years, Expires Today at Sister's Home in Greensburg

BORN IN RICHLAND TOWNSHIP

Isaac O. Harrison, a former resident of Richland township, and formerly county school superintendent of Rush county, expired this morning at the home of his sister in Greensburg, according to word received here today.

The deceased was 60 years old. He served as county school superintendent of this county from 1893 to 1897, following R. F. Conover and his successor in the office was A. L. Gary.

He was a native of Richland township, and resided there until a few years ago, when he went to Greensburg to live with his sister, Mattie Harrison, a teacher in the Greensburg schools.

The deceased also is survived by a brother, John E. Harrison of near Milroy, and a daughter, Mrs. Kinnett of Milroy. The funeral services will be held Thursday at two o'clock, and burial will be made in the cemetery at Richland.

**\$400,000 SHORTAGE FOUND****Amount Required To Place Chicago Bank On Sound Basis**

Chicago, March 13.—Examiners today announced \$400,000 would be necessary to re-establish the Logan Square Trust and Savings bank on a sound basis. Doors of the bank were closed Saturday after Fred W. Popp, president, killed himself.

David Wiedman, Jr., vice-president, missing since Popp killed himself re-appeared and admitted "technical forgeries" on doubtful notes of \$25,000. Wiedmann, in talking with newspaper men said he signed the name of an official of the Self Seating Valve company to a note. The official was out of the city at the time. Wiedmann said and he intended to have the matter straightened out later.

**Shiels And Shebas****Under 18 Are Barred**

Indianapolis, Ind., March 13.—Shiels and Shebas under 18 years of age were barred from public dance halls by Chief of Police Herman Rikhoff today.

"Wall flowers" must not congregate in dance halls.

Liquor drinking and smoking must go.

To carry out his orders, the chief directed that no dance may be held without a matron being present.

Five police women were assigned to supervise the activities of dance halls and movies, to exercise the eagle eye and the blunt bludgeon on all who disobey.

**WILL DISCUSS THE RUBBER SITUATION**

Harvey Firestone to Meet President Harding at Miami, Florida For This Purpose

**BRITISH EMBARGO TOPIC**

By LAWRENCE MARTIN  
(U. P. Staff Correspondent)

Fort Lauderdale, Fla., March 13.—Possibility of the British government lifting its rubber embargo to permit a larger supply to come into the United States, may be discussed with President Harding by Harvey Firestone, who has invited the presidential party to be his guests at Miami.

Firestone is reported eager to lay the rubber situation which is giving automobile men great concern before the president.

Harding, however, plans to evade as much as possible the discussion of both domestic and foreign affairs at Miami, and intends to meet only a few people. He may board a boat their soon after his arrival for a fishing trip among the Florida keys.

**MORTGAGES ON FARMS**

Washington, March 13.—Mortgages totalling \$7,857,700,000 were attached to the farms of the United States in 1920, the department of agriculture and the census bureau reported today. Iowa led in mortgages with a total of \$1,098,970,000 and Illinois was second \$500,860,000,000.

**NOTICE OF BOND SALE.**

Notice is hereby given by the undersigned Treasurer of Rush County, Indiana, that on and after the hour of two o'clock P. M. on

MONDAY, APRIL 16th, 1923, at the office of said Treasurer in the Court House in the City of Rushville, Indiana, he will receive sealed bids for the purchase of Seven Thousand Two Hundred Eighty Dollars (\$7,280.00) Road Bonds. Said bonds to be forty in number, dated April 15, 1923, each bond for the principal sum of One Hundred Eighty-Two Dollars (\$182.00) each, bearing interest at the rate of five per cent (5%) per annum, payable semi-annually on the 15th day of May and November of each year.

The first two bonds will be due and payable on the 15th day of May, 1924, and two bonds each six months thereafter until all of said bonds have been paid.

Said bonds have been issued for the purpose of providing funds for the construction and improvement of a certain highway petitioned for by James Heifner et al. of Ripley Township, Rush County, Indiana, and will be sold to the highest bidder for not less than par and accrued interest.

The right is reserved to reject any and all bids.  
FRANK LAWRENCE,  
Treasurer Rush County, Indiana.

—Among those from this city who attended the funeral services of Mrs. Anna Madden in Alexandria, Ind., Monday morning were the Misses Jennie Madden, Ellen Madden and May Madden and Mrs. James Mullins, and Bert, John, Frank and Lawrence Madden.

## WITNESS IN CASE AT GARY IS KILLED

Gaspari Monti, Main Witness For  
Government In Liquor Case, Was  
Murdered, Officials Declare

### MURDERED IN THE STREET

Gary, Ind., March 13.—Gaspari Monti, star witness for the government in the Gary booze cases was shot to death by "black hand" terrorists, authorities investigating the slaying declared today.

Monti, king of Gary's little Italy was shot down on the street by two men armed with sawed off shotguns. Both federal and local authorities joined in the search for the slayer. After questioning scores of Monti's followers they announced his death had nothing to do with his testimony in the liquor cases.

Attempts had been made to kill Monti several times. He told friends a few days ago he was afraid they were going to get him.

Monti signed an affidavit presented to the federal grand jury which indicted 75 residents of Lake county, including high officials on charges of violating the prohibition laws.

## FRANKLIN COLLEGE TO BUILD

Five New Buildings, Costing \$750,-  
000 Planned This Summer

Franklin, Ind., March 13.—Five new buildings to cost approximately \$750,000 will be erected at Franklin college within the next two years it is hoped to meet the enlarged needs of the institution and also to provide for the future, the board of trustees has announced.

A building fund campaign will be directed by Charles E. Goodell, president of the college. During the last five years the student enrollment has been nearly doubled at the college as has the number of faculty members.

Grafton Johnson of Greenwood, president of the board, has announced a gift of \$100,000 to the fund, contingent upon the raising of an additional \$500,000 within the next two years.

Mrs. J. E. Bean, 604 East Seventh street, kept open house Monday in honor of the birthday of her father, the Rev. W. S. Rollins, who was seventy-three years of age. Many friends called during the day and brought tokens of respect. The Rev. Mr. Rollins is an invalid, being unable to talk or walk. Mrs. Bean wishes to thank especially the Baptist church for its donations.

# "Shall Ruin be the Penalty of Success ?"

*The Chicago Tribune in an editorial March 6th, says: —*

"The senate committee on manufactures, directed by Senator La Follette, has returned a typical La Follette report attacking the various Standard Oil companies as, in effect, a monopoly more dangerous than the company was before its dissolution. The action emphasizes a growing tendency in this country to break down anything which is a success.

"We quote one paragraph as illustrative of the thought or lack of thought which produced the whole: 'While it may be that a Standard company in a particular territory does only about half the business in that territory—and some of the Standards do more than half and some less—yet in all territory some Standard company is so much larger than any single competitor that it has come to be almost universally accepted that the tank wagon price in any territory is controlled absolutely by the Standard marketing company for that territory.'

"In words not arranged by Senator La Follette, that can mean only one thing, namely, that there is competition, and that prices are determined by the most efficient organization. If not, it is clear that a smaller company would undersell the Standard, and so bring prices down. The purpose of the report is to break up and destroy the more efficient organization for production and delivery of oil and oil products. What would it leave as a substitute? Numberless small concerns, doing business inefficiently and with high overhead costs, which without the competition of the Standard would immediately force prices up, not down. Incidentally it would stimulate promotion of all sorts of wildcat oil companies which would dupe investors or speculators and help raise the price of oil products.

"In more detail, the report complains of the private use of Standard pipe lines, and wants to make them common carriers. In other words it would penalize a progressive organization and force it to divide its means of service with inefficient organizations. That sort of tyranny over business cannot go on. Human beings will not work without reward. They will not improve service or cheapen production and distribution if the profit of such improvements is to be legislated away from them by socialistic demagogues. If this report became the basis of the legislation it seeks it would destroy the incentive for improvement and energy in the oil business, and that business would lapse into a condition where we would pay many times the price we now pay for its products.

"Such thinking and such attacks upon successful business of any kind threatens the same disaster. It means demoralization of industry and energy and threatens an end to all improvement.

"The writer of this editorial does not now own, and never has owned, nor expects to own, one share of Standard or any other oil stock. He has, however, owned flivvers, which consume oil products. He can understand how owners of automobiles would like to see the price of gasoline and oil come down. He can understand how a man like La Follette would seek the approval of the millions of automobile owners in this country by shouting that they are being robbed, and promising to stop it. But he believes too much in the intelligence of automobile owners to think they will seek lower prices of gasoline by destroying the most efficient producer and distributor of gasoline.

"It would not only be folly to bring that about because of its immediate effect, but because of its future effect. The Standard Oil companies are doing more to establish new sources of supply outside this country for American consumption than any other business we know. They have prospectors and engineers and financiers working throughout the world to obtain wells. Are we so lacking in intelligence that we would destroy a concern which is seeking to provide for our needs after our domestic supplies are exhausted?

"There is but one suggestion in the entire report that appears sane and reasonable. That is the one for prohibition or regulation of export. That is worthy of consideration and study. It might be advisable, though even then we would have to consider possible retaliations and the question of whether it would be wise to cut off such a portion of our foreign trade. National defense might warrant it."

DO NOT LOOK BACK:—No man, having put his hand to the plough, and looking back, is fit for the kingdom of God.—Luke 9:62.

**A Congress Case**

An automobile traveling at high speed between Baltimore and Washington struck a bridge, and a young lady passenger was thrown to the ice of the river below and broke her neck. Her male escort was arrested and evidences of bootlegging were found about the car. A lieutenant of the Washington police identified the man as one of the largest traffickers in bootleg whiskey at the National Capital, and the records showed that he had been arrested less than a month before on a charge of selling liquor.

Here is a concrete case of lax law enforcement, with the blame apparently resting equally between the police and the courts. The man had been arrested, but the courts did not see fit to lodge him in jail and he was permitted to pursue his trade. The police seemed to pay no further attention to him, although they admitted knowledge of his persistent law-breaking. The fatal accident in connection with one of his bootlegging excursions was the result of official negligence.

With slight change in the circumstances, the incident can probably be duplicated in every state. There are doubtless thousands of bootleggers well known to the police, who could be sent to jail if the arresting officers and judges would perform their plain duty. Such a situation is not due to any lack of personnel, neither does it require the services of a great detective to locate the culprits. The latter are already known in many cases and can be picked up and sent to prison whenever it suits the convenience of our public officials.

**Henry Says It's So**

Henry Ford says 1923 will be a prosperous year for us all. It will be a prosperous one for Henry, anyway, because he has more

orders for cars than his extensive plants can possibly turn out.

We hope Henry is a good prophet, but we cannot pin our optimism to car orders alone. The fact that a man owns an automobile does not necessarily mean that he is prosperous.

There was a time, B. P., when men would pay their last dime for a drink of booze. The same men might do likewise now, were it not for the fact that an humble dime will not even get a look-in at the smell.

It is much the same with automobiles.

People who have trouble in meeting their grocery bills will mortgage their breeches in order to buy a car on time and become a daily contributor to the gasoline trust.

But at that Henry may be right. We hope he is. But we want to see prosperity so pronounced that we can afford a Packard instead of riding the bumps in a lizzie.

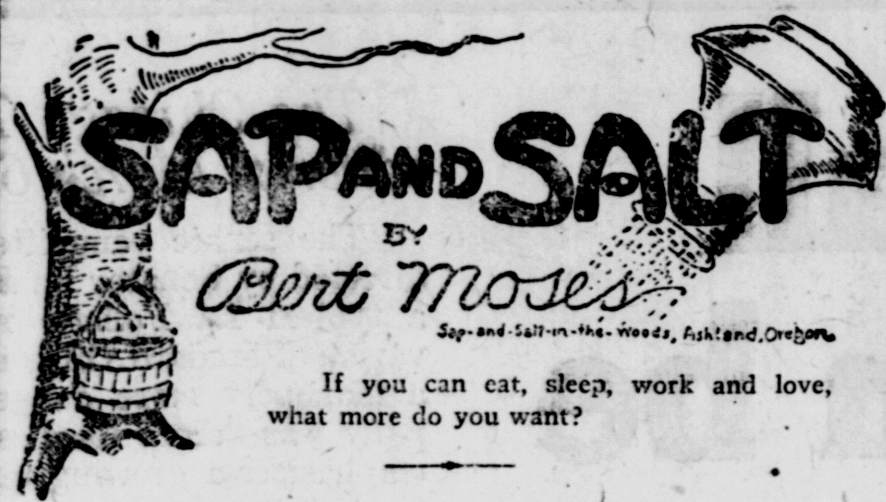

And we don't want to slap a plaster on our breeches.

**We Are Through**

The Swedish Red Cross has stopped famine relief in Russia because the soviet is exporting grain. The German Grain Bureau is said to have contracted for 35,000 tons from the Black Sea area, which is adjacent to the famine district, and a huge quantity is also being sent to other countries. The American Relief Commission is also winding up its affairs in Russia, and it will be a long time before there will be a resumption of grain exportations to a country that, in turn, is selling grain for a profit.

**FIFTEEN YEARS  
AGO TODAY**

From The Daily Republican  
Friday, March 13, 1908

The basketball game between Morristown and the local team this evening at the Graham school building promises to be one of the best games of the season. This is the last game of the season and any one who appreciates a good fast clean game should not miss this one.

The members of the Rushville Social club met at their club rooms last night and elected the following officers for the coming year: R. L. Tompkins, president; Ab Denning, vice president; Melvin Moor, secretary; Ed Oglesby, treasurer. The house committee selected is composed of Will Bliss, Frank Mull and Gates Sexton.

A large barn on the James Neal farm in Rush county, two and one-half miles east of Moscow, burned to the ground at two o'clock Thursday afternoon. The loss is estimated at \$2,500. It is not known whether insurance was carried.

Mrs. Selman Webb of West Third street will go to Anderson tomorrow to visit her daughter. From there she will go to Noblesville Monday to visit a few days with her sister.

Mrs. W. O. Feudner is visiting friends in Anderson.

Claude Cambern and Will Frazee were passengers on the west bound dispatch this morning.

Mrs. Anna G. Hornaday, of North Manchester is the guest of Mr. and Mrs. George Looney, Jr., and other relatives in this city.

Allen Blackledge and Francis Moore are here from DePauw University to spend a few days with their parents and friends.

Leonard Booth, who is attending school at Purdue, came today to make a short visit with his parents, Mr. and Mrs. William Booth, south of this city.

The Juniors of the local high school were delightfully entertained by Arthur Kenner and Scott Rhell with a hay ride and "chicken friz" at Charles Kenner's sugar camp, Wednesday evening. About twenty members of the class enjoyed a pleasant evening pulling taffy, and eating chicken.

Donald, the son of Mrs. Lillian Power of North Main street, is ill with bronchitis.

Mrs. Rebecca Wilson entertained at her home in South Morgan street last night with a cupid surprise party, which proved a delightful affair. Mrs. Lee Pyle assisted in entertaining. The surprise was arranged for the twin Misses Helen and Hazel Wilson.

## AMATEUR BOXERS TO STAGE TOURNEY

Athletes From Indiana And Kentucky Will Stage Boxing Carnival In Indianapolis

FROM MARCH 29-31

Entries Will Close March 21 And Rules For Amateurs Will Be Followed Closely

By HEZE CLARK  
(Written for United Press)

Indianapolis, Ind., March 13.—Athletes from Indiana and Kentucky will gather in Indianapolis to take part in the amateur boxing championships to be held March 29, 30, and 31. The annual championships will be held under the auspices of the Hoosier Athletic club and will be held in that club's big gymnasium. Last year it required two nights to hold the matches, but the increased entry list has made it necessary to devote three nights to settle the amateur championship of Indiana and Kentucky.

Padded mit artists are divided into eight classes as to weight. They are: Flyweight, 112 pounds; bantam weight, 118 pounds; feather weight, 126; light weight 135; welter weight 147; middle weight 160; light heavy weight 175 and heavy weight, any weight.

Gold, silver and bronze medals will be given for first second and third places in each class. All boxers must be registered under the Amateur Athletic union.

The entries for the big boxing carnival will close March 21. Entries should be sent to George W. Lipp, Physical director, Hoosier Athletic club, Indianapolis.

Mr. Lipp made it plain that this championship is not limited to athletes who are registered under the colors of some school or athletic club, but that any amateur boxer either Indiana or Kentucky could enter and compete as "unattached."

Gary Y. M. C. A., Culver Military Academy the Hoosier Athletic club the Indianapolis Athletic club, the Indianapolis South Side Turners, the Brightwood Athletic club and the newly organized Mapleton Athletic club will all enter teams, including boxers in each class.

The Louisville Ky., athletic club plans to see entries in each weight. These and many "unattached" entries makes it an assured fact that it will be the greatest boxing carnival ever held in Indiana.

### "No Work" Sign For Dempsey

By HENRY L. FARRELL,  
(United Press Sports Editor)

New York, March 13.—In the three years that have passed since he won the heavyweight championship, Jack Dempsey has engaged in only three bouts.

He went through three rounds with Billy Miske, twelve rounds with Bill Brennan and four rounds with Carpenter.

It will be four years in July since Dempsey won the title at Toledo and in that time he has had the benefit of only nineteen rounds of actual fighting.

No champions in other branches of sport could remain at the top with such scattered opportunities for practice. Babe Ruth was hopelessly handicapped last year by an enforced absence of six weeks. Bill Tilden would have a terrific time to maintain his form if he could play tennis only once a year and Walter Hagen would put his game on the rocks under the same circumstances.

Whether the enforced abstinence from ring work has hurt Dempsey remains to be seen and it may be a long while before a chance comes to find out. Other fighters in the past have laid off for three years without getting off edge. It all depending on how the time was spent outside the ring.

It might be said that the long lay off didn't do Dempsey any good, but it doesn't necessarily follow that it resulted harmfully.

When he was working out in Madison Square Garden on his recent

visit to New York, the champion looked as good and perhaps better than he ever did. It is hard to get a foundation for accurate judgment in a gym, but it was strikingly apparent that Dempsey was faster on his feet, more graceful in his boxing and more accurate in his punching than he ever was before.

It is Dempsey's own business what he does with his time, but he must be taking good care of himself, because he always appears to be in such good condition. He boxed three rounds recently in the garden with Jamaica Kid, his old sparring partner from Toledo. They went like bantamweights for three full rounds and when they finished, Dempsey was hardly breathing fast. He must be in shape regardless of the rumors that are passed around about him from time to time.

Critics disagree on the benefits that result from stage boxing and exhibition work. An admitted evil is the habit it sometimes develops of pulling punches. But in Dempsey's case, daily boxing on the stage for two years off and on has given him a finished style and produced a general polish. It apparently has not hurt him.

Since he cannot find an opponent suited to the requirements of the New York boxing commission (Dempsey cannot engage in the actual pursuit of his profession and since he cannot fight, it stands to reason that boxing on the stage will do more to keep him on edge than chopping trees or wearing grooves in mountain sides with his feet.

## Hittin' 'Em & Missin' 'Em

### JUST SIMPLY WERE "OFF"

Shelbyville and Connersville newspapers each report that their teams were "off" in the regional at Ft. Wayne, which accounted for their downfall. Indianapolis newspapers, however, gave their opponents credit for victories, and in the case of Shelbyville, said they proved to be a big disappointment.

### MAYBE THEY WEREN'T EVEN THERE

In the list of all regional selections, we failed to find a Connersville player on the team, and not even in the honorable mention list.

### CRAWFORDSVILLE AND RICHMOND ARE TWO TEAMS THAT LOOK GOOD IN THE STATE TOURNEY. DON'T UNDER-ESTIMATE THEM.

Fill in your guessing blank printed Monday night, and bring or mail it to Hittin' 'em at once.

A big bunch of the guesses arrived this morning. Put on your thinking cap, and be a dopest. Write your name across the blank and fill it out.

### RICHMOND HAS THE RECORD

This time last year Vincennes had

## A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest. Keep it handy for instant use. 35c and 65c, jars and tubes; hospital size, \$3.00.

Better than a mustard plaster

the perfect record but now Richmond is the only team entered in the state tourney that has won all games with 27 to their credit.

### STILL PLAYING HERE

The Rushville high school is still playing basketball. Each night after school two games are being played between the classes, with the Seniors, Juniors, Sophomores and Freshmen lined up against each other. The Juniors have the bulk of the varsity players, with Hilligoss, Walker, Snoddy and McIlwain and Jones. The Seniors have Phillips, Pugh, Ertel, Cartmel, Dailey, Somerville and Culp.

Connersville has high hopes for next year. Practically the same team as this year will take the floor, and they are anxious to book games with only the strongest.

What good does booking games do, and having a string of victories to your credit, when you drop the first game in the regional?

Only sixteen teams out of the 596 starters on March 2 and 3, remain in the race today. The final elimination begins Friday morning, and when Saturday afternoon comes around, there will be only four left, then two, and then the lone survivor, who will be crowned the state champion.

### GEE, OUR DAYS ARE NUMBERED

Hittin' 'em has only five days to exist this spring. If you have anything to say, make it quick and snappy because we're goin' to move on to something else, and come back here again in November.

Fill in the guessing blanks, before you forget about it.

KEEP MAILIN' 'EM TO HITTIN' 'EM.

Don't forget, regardless of your own opinion, that we're still pickin' Anderson.

## WISCONSIN AND IOWA TIED

Defeat of Indiana Enables Badgers to Tie up Big Ten Race

Chicago, March 13.—Wisconsin and Iowa divide honors for basketball championship. The Badgers, by defeating Indiana 35 to 17 last night established equal rights with the Hawkeyes to the title.

So far as the leaders are concerned the season is over. Only one game remains to be played, Indiana and Purdue on Thursday.

Two weeks ago Iowa had apparently cinched the flag, when the Indiana quintet, a second division team checked the leaders. Wisconsin, needing every game to tie, staged a driving finish and registered three victories.

### TRAINING CAMP GOSSIP

San Antonio—Jimmy O'Connell, the Giants \$75,000 Rookie is laid up with a sore arm. The ailment is not serious.

New Orleans—As a result of too much training, Babe Ruth's ankles "have gone back on him" and Manager Huggins has ordered the big slugger to take it easier until he entirely recovers from his recent illness.

Clearwater, Fla.—Dutch Ruether, hold out pitcher of the Brooklyn said he had failed to come to terms with the club, and that he was going to return to his home in Florida.

Hot Springs, Ark.—Mike Menoskey and Johnny Mitchell have arrived at the training camp of the Boston Red Sox.

St. Petersburg, Fla.—With the exception of Cruise and Lavathan, all of the Boston Braves are in camp here or on the way. Staffy McInnis is expected tomorrow.

Orland, Fla.—Pat Moran today ordered his hurlers to put something on the ball for now begins the battle for jobs on the Red's hurling staff. In a five inning game yesterday the veterans defeated the Colts, 6 to 5. Garry Herrmann tonight will see Judge Landis when the future of Rube Benton will be decided.

Augusta, Fla.—The Detroit Tigers will participate in a batting orgy today, during which Manager Cobb plans to use all his pitchers.

Lakeland, Fla.—Manager Speaker announced his batting order today for the first game. Charley Jamieson will be lead off man followed by Wamby, Speaker and Guisto in the clean up position. Homer Summa comes next, then Joe Sewell, Rube Lutske, the catcher and pitcher.

Hot Spring, Ark.—Pitcher Jim Bagby has been ordered to rest for a week by Manager McKeenine of the Pirates. Robert Forward, the big fellow from Nova Scotia arrived yesterday.

Montgomery, Ala.—The deal that sent Sammy Hale, \$75,000 Portland player, to the Athletics is not yet completed as Frank O'Rourke has refused to report to the Pacific coast league team. Hale has a spiked foot and is doing little work.

Leesburg, Fla.—The regulars and Yannis of the Phillies will meet in a practice game again today. Seven innings will be played. In yesterday's exhibition the veterans won from the recruits, 13 to 7.

Tampa, Fla.—The Senators are so far advanced in their training that Donnie Bush may be forced to slow his men down in a day or two. Bush will push his men along gradually and expects to have them on edge.

### NOTICE OF FINAL SETTLEMENT OF ESTATE

Notice is hereby given to the creditors, heirs and legatees of Ann Madden, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 28th day of March, 1923, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 3rd day of March, 1923.

LOREN MARTIN,  
Clerk Rush Circuit Court.  
March 6-13-20.

## Hupmobile

The thought of petting or sparing his car, probably would be the last to enter the Hupmobile owner's head.

The Hupmobile owner is so accustomed to unfailing reliability, that he steps on the starter-button each morning, supremely confident that his Hupmobile will go through with whatever he has laid out for it.

"We Are on the Square"

Mrs. Arnold Ormes will be hostess to the members of the Rebekah Crochet club Thursday afternoon at her home in North Morgan street. An interesting program has been arranged for this meeting and all the members of the club are cordially invited to attend. In the evening a pitch-in chicken supper will be served.

## MRS. BUTLER'S ACHES AND PAINS

Vanished After Using Lydia E. Pinkham's Vegetable Compound

W. Philadelphia, Pa.—"When I cleaned house last April I must have overlifted, for after that I had pains and aches all the time and was so discouraged, I could hardly do my own housework, and I could not carry a basket of groceries from the store nor walk even four or five squares without getting terrible pains in my back and abdomen and lower limbs. I went to visit a friend in Mt. Holly, N. J., and she said, 'Mrs. Butler, why don't you take Lydia E. Pinkham's Vegetable Compound?' My husband said that if it did her so much good for the same trouble, I should try it. So I have taken it and it is doing me good. Whenever I feel heavy or bad, it puts me right on my feet again. I am able to do my work with pleasure and am getting strong and stout. I still take the Vegetable Compound and Liver Pills, and am using Lydia E. Pinkham's Sanative Wash."—Mrs. CHARLES BUTLER, 1233 S. Hanson St., W. Phila., Pa.

Write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for a free copy of Lydia E. Pinkham's Private Text Book upon "Ailments of Women."

The Pythian Sisters will have a call meeting Wednesday night in the K. of P. hall in West Second street.

The choir of the St. Paul's Methodist Episcopal church will hold their regular rehearsal tonight promptly at seven o'clock in the church.

The American Literary Club will meet at the home of Mrs. Florence Abercrombie Wednesday afternoon, and all members are urged to attend.

The W. W. T. class of the First Baptist church will be entertained Wednesday evening at the home of Miss Lois Ethel Steffy in North Jackson street.

The Band of Workers of the First Presbyterian church will meet in the parlors of the church Wednesday afternoon. As very important business will be transacted at this meeting a good attendance of the membership is urged.

Mr. and Mrs. Charles Meyer were host and hostess to a prettily appointed 6:30 dinner party Saturday evening at their home south of the city. Covers were laid for Mr. and Mrs. George Billings and family, Russell Reese, a student of Purdue University, and Mr. and Mrs. William H. Meyer and family.

Mrs. Fremont Peters entertained with a six o'clock dinner party last Thursday evening at her home in this city, honoring the birthday anniversary of her son, J. W. Peters. The guests were Mr. and Mrs. J. W. Peters, Mr. and Mrs. Herschel Peters, Mr. and Mrs. William H. Meyer and family, and Mr. and Mrs. George Peters and daughter Mary Ellen.

Mrs. Wilbur Stiers will be hostess to the March meeting of the D. A. R. Thursday afternoon at her home in North Perkins street. Mrs. Martha Grindle will give a talk at this meeting on "The Passion Play". The assisting hostesses will be Miss Alice Norris, Mrs. Florence Bitner, Miss Emily Blackledge, Mrs. Comma Rea, Mrs. Frances O'neal and Miss Sallie Adams.

Mr. and Mrs. Herman Stalker delightfully entertained with an informal party Sunday evening at their home in Orange. The guests included Mr. and Mrs. Ralph Dolan and daughters Mable, Hazel and Nila Grace, Mr. and Mrs. Frank Hinchman, Miss Leona Nuckles, Miss Dessie Russell and Miss Margaret Hite and Irvin Long. Dainty refreshments were served by the hostess at the close of the meeting.

## Safety Sam

Mrs. Harding shook hands with the engineer when the special got to Florida, probably feeling as tickled as him over making the trip without killing any foolhardy motorist.

## SIX REBELS EXECUTED

Dublin, March 13.—Six Irish rebels were executed today, one at Cork two at Mullingar and three at Westford. One of the insurgents was James Rouke, who was charged with participation in an attack upon free state troops and with carrying arms.

## REWARDED BY FRIEND

Logansport, Ind., March 13.—John Kelley, former messenger boy capitalized to the extent of \$35,000 today on his ability to make friends. Samuel Wadsworth, of Elino, Okla., a chance acquaintance died and left his entire estate to Kelly.

"What doth it profit, my brethren, if a man say he hath faith but hath not works?"

# First Presbyterian Church PRE-EASTER SERVICES

We'll Sing Those Good Old Gospel Songs.

"If ye abide in Me, and My words abide in you, ask whatsoever ye will, and it shall be done unto you."

## Ex-Congressman Joins Girls' Anti-Flirt Club

Washington, March 13.—Manuel Herrick, ex-congressman from Oklahoma, who stirred the capitol some months ago with his crusade against beauty contests, today joined the Anti-Flirt club, composed of pretty government workers.

Herrick urged the girls to be "strong of heart, grit your teeth and forge ahead in your righteous cause." He warned them to beware of the young man who asks girls to go automobiling.

"Remember that all young men who ask a young lady to ride in a machine do not do it simply to save her a walk," he said. "The other day I heard a young man say to a young girl whom he accosted on the street, pardon me, sweetness, give me your name and address, and the poor misguided girl gave her name and address."

"When I read of your noble work on putting down the masher I could not resist coming out here to talk to you and advise you to put a little pepper into your organization and to expect to have a fight against a powerful foe. Your ideal is a high and noble one and if it can survive, will be the most helpful and should be aided, abetted and commended."

Herrick called attention to the trials and tribulations visited on him in his fight to protect the beauties of the capitol and warned the girls to be on guard against those who try to "put it over" on them.

"They did it on me after the introduction of my bill in congress and my protests and campaign against 'Tactics used were worthy of 3,000 years ago."

## REPARATIONS PLAN UNDER DISCUSSION

Continued from Page One  
Many arrests were effected in the disturbed area which is held in an iron grip. An example of the French firmness is that German civilians at Buer are not permitted to walk on the sidewalks, nor to put their hands in their pockets.

Conflicting reports regarding the number of Germans killed within the last 48 hours vary from four to ten. German sources reported two civilians shot after a court martial last night; later dispatches made it appear the report was untrue. There was no confirmation of a report from Buer that French sentries shot three Germans for evading the curfew law.

A report from Offenberf stated 170 German families, mainly workers were ordered to evacuate the barracks they have used as homes since the war. These people, according to the German advices have no place to go.

## STOMACH UPSET?

Get at the Real Cause—Take  
Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

## CLEMENCY DENIED TO CARL GUNNING

Continued from Page One  
to get a statement from the state board of pardons regarding the ruling in the Gunning case, but none was available.

J. T. Arbuckle of this city, a former member of the state board of pardons, explained the status of the case as follows:

He said it was probable that Gunning's plea for clemency, which was denied by the state board of pardons several months ago, had probably been called up before the board again, which did not have anything to do with the rule in regard to serving the minimum sentence.

Mr. Arbuckle explained that the trustees of the institution have original jurisdiction in a case where the prisoner has served his minimum term, and that if they see fit, they may release a prisoner at the end of the minimum term without the case coming before the pardon board. The prisoner's record at the institution is their guide in such instances.

Mr. Arbuckle stated that the trustees meet once a month and that at the first monthly meeting following the expiration of Gunning's minimum sentence, they would probably take up the case and release him, providing they regard his record as meriting it.

## 100 WAYS To Make Money

By BILLY WINNER

If I Could Prepare Salads—

I DON'T know whether the knack of preparing salads is a gift or an accomplishment. Nearly every one of my friends knows the rules for tasty salads; different ones specialize in different salads and dressings.

There's an idea! If you can prepare salads that "hit the spot," why don't you prepare salads for other folks? There are scores of women in this city who would be delighted to learn of some one on whom they could depend for already prepared salads or really good salad dressing.

The way is simple—advertise in the Want Ad Columns of The Daily Republican. An Ad-Taker is waiting to help you word your ad so that it will bring the best results.

## 400 MILLION DOLLARS TO FALL DUE THURSDAY

Indicate Income Tax Falling Due During Year Will Amount To \$1,600,000,000

### TAXES SHOWING AN INCREASE

By PAUL R. MALLON (U. P. Staff Correspondent)

Washington, March 13—Four hundred million dollars will be poured into the government coffers before midnight Thursday by income taxpayers, the treasury department estimated today.

As the majority of the taxes are paid quarterly installments this means that the returns now being filed in a great eleventh hour rush will call for tax payments during the year of approximately \$1,600,000,000.

The March 15 payment is expected to be about \$20,000,000 greater than last year, thus reflecting the generally improved business condition last year, as compared with 1921, which was affected by the post-war slump.

### COTTAGE PRAYER MEETINGS

The cottage prayer meeting held at the home of Mr. and Mrs. D. C. Bodine in this city last evening, proved to be a very interesting meeting. An interesting talk was given by the Rev. S. E. Polovina, better known as "Methodist Sam." He gave some excellent advice to those present in preparation for the coming evangelistic campaign to be conducted at the S. Paul's Methodist Episcopal church beginning next week, and continuing until Easter. Cottage prayer meetings are being held each evening this week at the different homes of members of the church except Thursday evening when union meetings will be held at the church.

There will be a social pitch-in at the Milroy Christian church Friday evening March 16. All members are urged to come.

### IT'S SO EASY

To throw away a pair of old Shoes, but why do it? No matter how worn or in what condition they are, bring your old Shoes to us and we will make them look like new. Our up-to-the-minute equipment enables us to make your Shoes last longer for an unusually small cost.

## TWO GREAT SHIPS FOR AIR SERVICE

United States Converts Building Of  
Battle Cruisers Into Ships For  
Air Crafts

### TWO YEARS WORK REMAINS

When Completed They Will Be Used  
To Carry Airplanes And Provide  
Place For Landings

Camden, N. J., March 13.—Two floating airdomes are now under construction for the United States, one at the New York ship building yards here, and the other at the Fore River Shipyards.

Originally the two airplanes were to have been the battle cruisers Saratoga and Lexington. Modification of the naval program at the Arms Conference prevented this. Peace programs and their like, however are not interfering with development of the art of aerial naval warfare.

Rather than waste the \$7,000,000 worth of labor and material that had already gone into the construction of the ships, it was determined to convert them into airplane carriers with super-equipment of every sort.

Each of the carriers is to be 850 feet long with a beam of 105 feet. The upper surface of each boat will be fashioned into a long flat landing platform for airplanes. The smokestacks will look like three stacks widened and flattened into one and will be crowded to the starboard side of the ship to allow room for the easy landing and taking off of the air fleet the ship will mother.

Storage facilities for airplanes and machine shops for their up-keep and repair shops will be below decks. When placed in commission, the two carriers will be combination hangars, machine shops and landing fields.

The speed they will be able to attain is intended to permit them to keep ahead of an enemy battleship and to dodge torpedoes fired from enemy destroyers and submarines. Their engines will be capable of developing 180,000 horsepower through four electrically driven shafts. The

## AMUSEMENTS

### At Princess Again Today

An unusual massive set even for these days of massive picture construction is that of the theatre scene in William de Mille's great Paramount picture production of "The World's Applause," featuring Bebe Daniels and Lewis Stone, which will be the attraction at the Princess again today. An immense stage was built at the Paramount studio, on which the superb Egyptian scenes of Cleopatra's day are enacted and in which Miss Daniels, in royal costumes takes part. Many hundreds of persons constitute one of the largest audiences ever gathered in any similar scene. Miss Daniels, as Corinne d'Alys, a popular idol, scores her greatest stage triumph and how her subsequent career is blasted by the breath of scandal, the story graphically tells. There are many dramatic and thrilling moments in the development of the story, the timeliness of which is one of its strongest assets. Lewis Stone is featured in the production with Miss Daniels.

### Coming Soon To Mystic

Forbidden to talk to the girl who meant everything to him, how could he overcome the barrier? Tom Morris did not know why her father had barred him out, but he meant to discover. What was more, he meant to win the girl. This is a turning point in the Fox photoplay "Man's Size", which will be seen Wednesday at the Mystic. William Russell, whose popularity in outdoor roles

carriers will be able to develop a speed of 33 knots an hour (about 39 miles) despite the fact that each ship will weigh more than 33,000 tons.

The superiority of the ships will be increased by the completeness of the radio installation, the elevators for lifting aircraft to and from decks, cranes for hoisting heavier reconnaissance planes and their maneuverability in a heavy sea.

The two carriers will be completed within two years.

is widespread, is the star in this picturization of William McLeod Raine's novel of the same name. Alma Bennett gives a charming portrayal of the girl in the story. The film is said to have heightened the dramatic values possessed by the book. The cast has been specially chosen to help the director to create a tensely powerful situation, enhanced by the realism of the actors' performance.

The settings are in the Canadian Rockies among picturesque scenes whose beauty will be transmuted by the skill of George Schneiderman; a cameraman to whom the critics have already given their full meed of praise for his photographic excellence in "The Village Blacksmith."

### COAL CONSUMPTION IS GREAT

Indiana Used 201,410 Tons In January To Generate Electricity

Indianapolis, Ind., March 13.—It takes a lot of coal to produce the electric light and power consumed in Indiana every month, according to figures made public by the Indiana Public Utility association. In the month of January alone, the electric light and power industry used up approximately 201,410 tons of coal. To the average man, five tons of coal is a whole lot in March. In order to break up the large number into small ones that may be understandable, it might be explained that the 201,410 tons used by the electric industry in January, means about 4000 car loads of coal. It means, also, a daily average of 6,479 tons.

Coal consumption by the electric industry is a fair reflection of business conditions, according to officials of the association. This being true, business now is regarded as much better than it was last summer, for in January the electric industry used 35,000 tons more coal than it used last September.

### SCHOOL TEXTS ARE PICKED

State Board Meets Today To Make Selection For Schools

Indianapolis, Ind., March 13.—Complete lists of textbooks to be used in Indiana high schools during the next five years were chosen by the state board of education at a meeting here today. The present text book contracts expires following the close of the present school term.

More than forty books, involving an estimate expenditure of \$1,000,000 are to be chosen. Arrangements were made today for advertising of bids and a date will be set for the adoption. Fourteen publishing companies now hold state contracts.

## You'll win the fight against Constipation with Kellogg's Bran!

It is wonderful news for every constipation sufferer to know that Kellogg's Bran guarantees permanent relief if it is eaten regularly. Two tablespoons each day; as much with each meal in chronic cases—taken consistently—will work health wonders, driving out toxic poisons, freeing affected organs and allowing nature to eliminate the wastes in its own way!

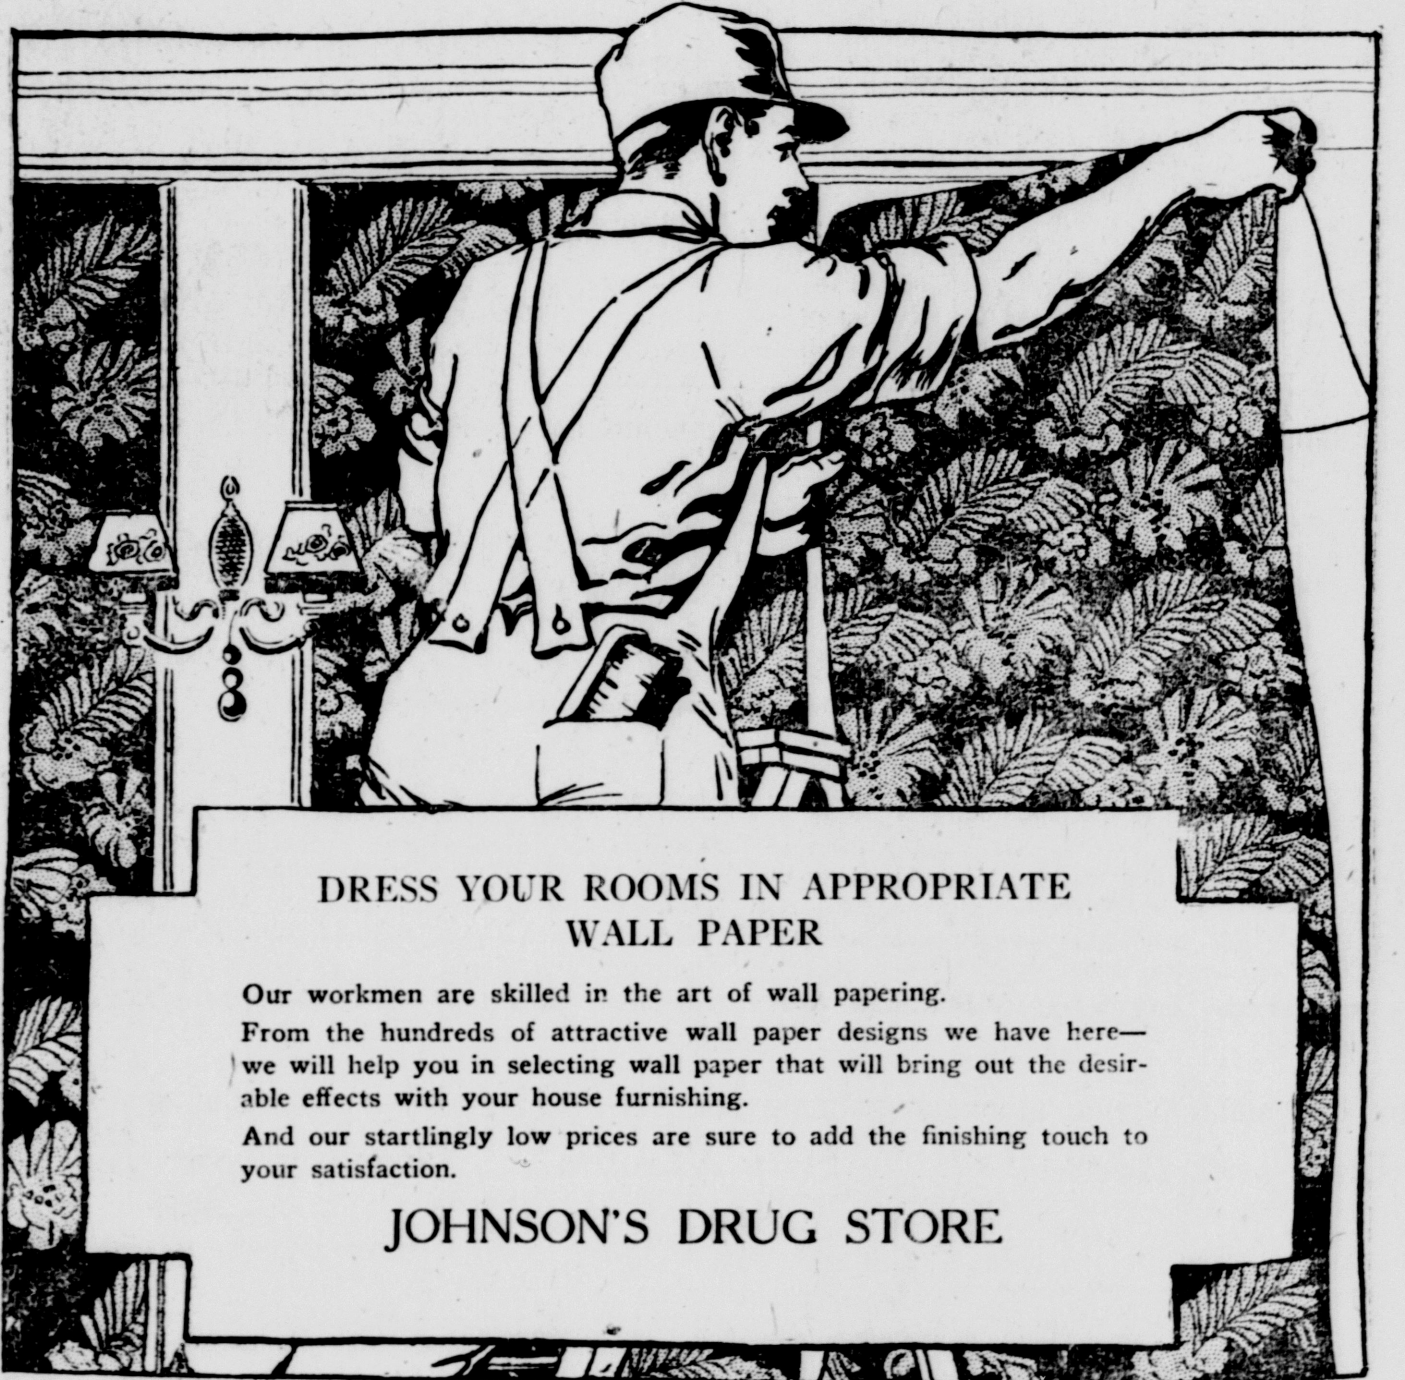

Think what this means to health when you know that constipation is responsible for a large majority of human ailments; that it is often the direct cause of Bright's and diabetes; that, in milder form, it is responsible for sick headaches, biliousness, nausea, sour breath, pimples, etc.

Get a package of Kellogg's Bran to-day and fight against constipation and what it leads to! Free your family from its ravages; free yourself from its grip! Within a week you will be surprised at the improvement.

Kellogg's Bran is not only a permanent relief from constipation, but it is a health food, containing mineral salts as well as other vital food elements that are a necessity to human life.

Eat Kellogg's Bran as a cereal, or sprinkle it on or mix it with other hot or cold cereals because it is ready to eat. It is delicious cooked with hot cereals. And, you have missed much if you do not know the delights of bran muffins, bran raisin bread, bran griddle cakes, etc.

Leading hotels, clubs and restaurants serve Kellogg's Bran in individual packages. All grocers sell Kellogg's Bran.

# THE WM. G. MULNO CO.

*"The Home of Standardized Values"*

# THE HOME GARDEN

What is Home without a Garden?

## GROWING DAHLIAS FROM SEED

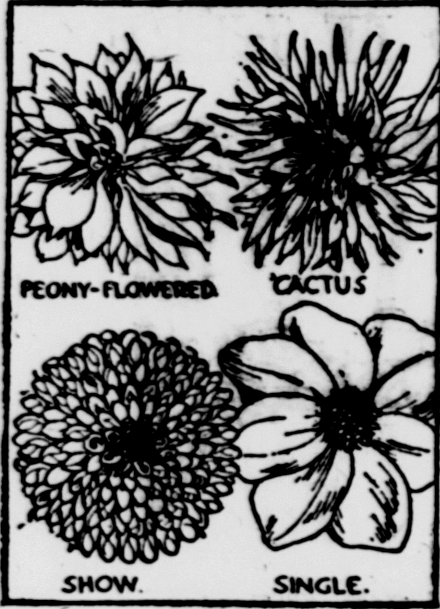

Dahlias are now running the chrysanthemum a close race for the honor of being queen of the autumn in the garden, the new races of dahlias showing some of the most wonderful flowers, both in size, color and texture, that horticulturists have yet produced for the garden. While some of the newer varieties are too expensive for the ordinary pocketbook, anyone may have the fun of raising new dahlias at very small expense.

Dahlias grow as readily from seed as zinnias, and bloom the first year. As the plants are hybrids, the seeds produce a great variety of color, form and markings and some fine varieties may be secured from a packet of seed. All will be good and well worth growing.

While all will not be as fine as the better grade named varieties, some of them are likely to be first class. A packet of seed will furnish a fine collection of dahlias as a basis for experimentation and comparison of the different types.

The seed should be sown in the house in March or early April. It is coarse and easily handled. It should be placed about two inches apart in the seed box if the grower does not wish to go to the trouble of several transplantings before the weather is sufficiently settled to set the plants in the open ground. The best plan is to transplant the seedlings

into paper flower pots during their early growth, and in this manner

Dahlia Types

they may be handled very easily and shifted to larger sizes as their growth demands it without disturbance of the roots.

It is a simple matter to sow the individual seeds in these pots at the start and save considerable work. These seeds need a warmer window than other plants to be started from seed in the house, and should not be allowed to chill, as they are very susceptible to cold. Do not overwater, but see that the soil is not allowed to dry out.

## PLOW POTATO GROUND EARLY

Should Be Reworked Early Until Planting Time In Order To Get Best Results

### USE PLENTY OF SEED ADVICE

Number Of Eyes Not So Important Provided Every Piece Has One Or Two Eyes

Potato soil should be plowed deep and early and reworked frequently until planting time. For the early crop planting should be begun in Rush county as soon as the ground becomes dry enough to work. Our best growers have found that the earliest plantings give the best yields. A distance of not more than 36 inches between rows with pieces dropped every foot for the early crop and 1 to 18 inches for late, will give good yields. Seed pieces should be cut just previous to planting. It is very important that plenty of seed per acre be used as large sized seed pieces give more vigorous plants which greatly increase yields. Most farmers in cutting their seed potatoes cut into pieces of one or two eyes. However the number of eyes is not so important provided every piece has one or two good eyes, as the size of the seed piece.

It has been found that where peeling gave a yield of 2 bushels per acre, two ounce seed pieces gave two hundred bushel yields under the same growing conditions. Potato growers generally recommend a piece about two ounces in weight or about the size of a hens egg.

Where the furrows are opened with a single shovel, only a few should be opened at a time and the seed pieces dropped in them and covered before the soil has time to dry out. Many poor stands are caused by opening the furrows and allowing the soil to become hot and dry before covering.

In planting then use at least 12 bushels of seed per acre and be sure and plant good sized seed pieces—as large as hens eggs are best. Plant in moist soil and cover pieces as soon as they are dropped. These are the secrets of many good stands.

## CARTHAGE

The Knightstown band gave a minstrel show here Tuesday night.

Mrs. Robert Hudson was called to Richmond Wednesday by the illness of her mother.

Mr. and Mrs. John Leisure who have both been ill for some time, are improving nicely.

Mrs. Vern Plummer spent part of last week with relatives in Indianapolis.

Mrs. Douglas Cooper and Mrs. Howard Henley were visitors in Indianapolis Tuesday.

Miss Mattie Clark who was ill for the past week, is able to be in the library again.

The Methodist Aid Society met Wednesday with Mrs. Goldie Menden.

Mr. and Mrs. Walter Phelps were business visitors in Indianapolis Wednesday.

Mrs. Robert Tilley has returned from a visit with relatives in Terre Haute.

Mrs. R. E. Sears has returned from a visit with her mother in North Vernon.

Mr. and Mrs. Sherman Addison of Anderson spent the week-end with Gurney Earnest and family.

Lennard Moore of Rushville was the guest of his aunt, Mrs. Glen Kaler, Wednesday.

Mr. and Mrs. M. E. Jackson of Greenfield spent Wednesday with Mr. and Mrs. Fred Addison.

Mr. and Mrs. H. T. Beher and Mr. and Mrs. Russell Phelps were visitors in Indianapolis Thursday.

Miss Ethel Hiatt of New York City spent last week with her sisters Mrs. Al Carr and Mrs. Michael Kyser.

Dr. and Mrs. W. Vandament gave a party to a large number of their friends Friday night.

The Thimble Club met Tuesday (today) with Mrs. Irvin M. Hill.

The Country Club will meet Thursday with Mrs. James McGeorge.

Mrs. Miranda Addison has returned from an extended visit with her daughter, Mrs. Royal Lee of Arlington.

Mrs. Hubert Hill spent Tuesday with her sister, Mrs. Waldo Binford, who recently underwent a surgical operation at the Methodist hospital in Indianapolis.

Senator and Mrs. Rowland H. Hill returned home from Indianapolis last

## UNHEALTHY PIGS CAUSE LOSSES

Poor Serum is Not Cause of Hog Cholera Vaccination Troubles as Generally Supposed

### AN INVESTIGATION IS MADE

Advised to Vaccinate Pigs Few Weeks Old When Exposed to Cholera and not Wait Until Afflicted

It is the general opinion of stockmen that hog cholera vaccination troubles are the result of using "poor serum". In the early years of vaccination work, "poor serum", low dosage, and careless administration were responsible for heavy losses, but these conditions have been corrected to a very large degree.

In the spring of 1922 the death rate was unusually heavy following vaccination. Hundreds of "trouble cases" were carefully investigated by the veterinary department of Purdue University. In practically all cases the history and post mortem examination showed that the pigs were not healthy at the time of vaccination. The diseases responsible for the condition of the vaccinated herds were common in unvaccinated pigs, but because of low vitality, the death rate was increased by vaccination.

How can loss during the first few weeks following vaccination be prevented? First, by vaccinating pigs a few weeks old if they are exposed to cholera, and not waiting until a few of them are sick. Second, giving large doses of serum and virus. Third, if a few hogs are off feed, or sick, the veterinarian should be given this information, as it may be advisable to postpone vaccinating the herd. It is not best to vaccinate hogs that have "pig typhoid", "flu" or ulceration of the mouth and intestines, unless serum only is used. Successful vaccination requires a knowledge of hog diseases, and an appreciation of the importance of observing the condition of the herd before vaccinating them.

The most serious loss occurring in vaccinated hogs results from using cholera virus that has lost its virulence. Hogs that have not received active or permanent immunity, may "break" or show visible symptoms of cholera as early as three or four weeks following vaccination, if exposed to the disease.

Both the owner of the hogs and the veterinarian who vaccinated them should be continually looking for "breaks". Sometimes hemorrhagic septicemia, or mixed infection bacteria is used for re-vaccinating. Instead of cholera blood and serum. This delays effective treatment and results in heavy loss. Play safe: re-vaccinate early in the "break" using large doses of cholera serum and virus.

Wednesday, where they have been staying during the session of the legislature.

Miss Albie Clark was a visitor in Richmond this week.

The Rev. Arthur Jean spent last week in Campbellsburg with her father, who is seriously ill.

The Christian Helpers gave a jinnery supper here Saturday night.

Miss Louis Hahn who lost her eyesight temporarily, caused by a blow from a rock shot out of a "nigger shooter," is greatly improved at present. She was in a hospital in Newcastle last week but is home now.

Mrs. John DeSchipper is seriously ill at her home here with the pneumonia poisoning.

Mr. and Mrs. Lewis of Indianapolis spent the week-end with Dr. and Mrs. G. B. McNabb and son Junior.

Mr. and Mrs. C. P. Baird of Indianapolis spent the week-end with her mother, Mrs. Art Longhurst.

Mr. and Mrs. V. L. Tetric attended the wedding of his sister at Fairmount Thursday.

Mr. and Mrs. Roy Herkless and daughter Miss Mildred attended church at the Christian church in Knightstown Sunday.

Harry Ale spent the week-end with relatives in Noblesville.

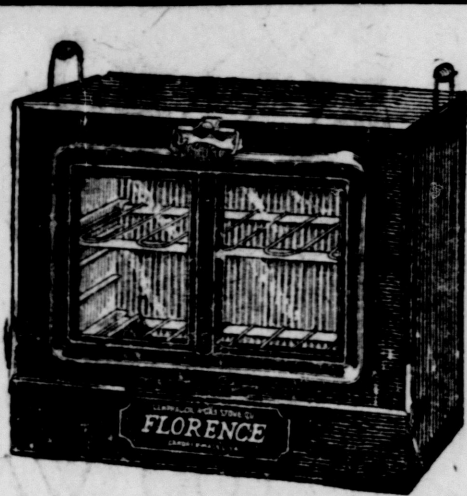

Mrs. George Ewing is visiting her sister, Mrs. Nancy Duncan in Newcastle.

Miss Vivian Hinton of Arlington spent Friday with Miss Myra McDaniel.

Little Maxine Ewing who has been ill with pneumonia, is somewhat improved.

Mr. and Mrs. Gilbert Minor of Knightstown spent Sunday with relatives here.

Clarence Mattix and family spent Friday with relatives in Raysville.

## Florence Portable Oven

COME in and see this wonderful Florence Oven. It has many worth-while improvements. You must see it to appreciate it.

Bigger oven means more cooking space. Lining is arched at the corners like a baker's oven—insuring even heat distribution. Shelves adjustable to five positions—and are firm and strong. New latch and handle. Glass door. The new door and asbestos lining keep all heat inside. Best for oven cookery.

E. E. POLK Hardware Stoves

## FLORENCE OIL COOK STOVES

MORE HEAT LESS CARE

## Meals on Time

It's easy to get meals on time when you have a Florence Oil Cook Stove to help you. The steady blue flame needs no coaxing and the roast and cake come out fit for a king.

It's easy to keep a Florence clean. It burns kerosene—a cheap, convenient fuel.

Can't we show you our line of Florence Oil Cook Stoves? We have one that you will want. Come in today.

Miss Mary Shelhorn was the guest of Gertrude McCorkle at dinner Sunday.

Miss Lois Anderson, a student of DePauw University, spent the week-end with her parents, Mr. and Mrs. J. W. Anderson.

Willard Hood, who is attending a school of pharmacy in Indianapolis, spent the week-end with his parents, Mr. and Mrs. Jake Hood.

Mr. and Mrs. Worth Kelly entertained at dinner Friday, the Rev. and Mrs. R. R. Cross and family and the Rev. R. O. Pearson.

Mr. and Mrs. Paul McDaniel spent Friday in Rushville.

Fred Shephard spent Thursday in Indianapolis.

Miss Maggie Laughlin was a visitor in Rushville Wednesday.

Mrs. Virgil Maffett of Rushville was the guest of Ella Richey Friday.

Mrs. Russell Harton was a visitor in Rushville Saturday.

Mrs. W. W. Barton has gone to Nashville, Tenn., for a several weeks visit with Mrs. George Smith.

Mrs. Emma Brazelton, of Danville, Ill., spent several days last week with her niece, Mrs. Russell Harton.

Miss Lola Tague of Brookville, spent Sunday at her home west of here.

Mr. and Mrs. Jake Hood and family entertained at dinner Wednesday, the Rev. R. R. Cross and family and the Rev. R. O. Pearson.

Mr. and Mrs. Willard White and family were the guests of Mr. and Mrs. Roy Shelhorn Sunday.

Willard Hood was the dinner guest of Lowell Innis Sunday.

Miss Catherine Bosley spent the week-end with Miss Margaret Gullin of Rushville.

Mr. and Mrs. Frank Warwick of Rushville spent Sunday afternoon with Mr. and Mrs. I. N. Downs and family.

Miss Lois Anderson was a visitor in Rushville Saturday.

John R. Beasley spent Sunday in Franklin, the guest of friends.

Miss Camella Mansfield spent Friday in Rushville.

The Misses Mildred Booth and Florine Hood were visitors in Greensburg Saturday.

Dr. and Mrs. W. T. Lampton and Mrs. Jessie Hays visited friends in Shelbyville Saturday.

Miss Yuma Houghland was the dinner guest of Dorothy Cady Sunday.

Miss Ella McCoy and John McCoy of near Clarksburg spent Sunday with Mr. and Mrs. Clyde Kitchen and family.

Lawrence Jackman, Carlos McKee and Frank Jackman spent Sunday evening in Indianapolis.

P. T. Innis was a business visitor in Indianapolis Tuesday.

Eugene Fishel of Hope visited friends here Sunday.

Miss Maurita Buell spent Sunday evening with Mary Shelhorn.

## FARM PRESIDENT SPONSORS APPEAL

W. H. Settle, Head of Indiana Farm Bureau, Urges Contributions of Corn by Farmers

### FOR NEAR EAST RELIEF

If Farmers Donate Like They Did Last Year, Indiana Will Provide 100 Cars or More

In a letter addressed to county presidents of his organization and to farmers generally over the state, W. H. Settle, president of the Indiana Farm Bureau Federation, emphasizes the worthiness of an appeal now being made for corn donations for hungry children of the Near East.

"If we can save a life by giving a few bushels of corn we have accomplished a great deal," says the farm president. "Believing this to be a worthy cause I am sure we will be interested to the extent of donating liberally of our means. President Harding has taken a place at the head of this movement and with the assistance of the Red Cross organization and other forces, has backed the Near East Relief. The call has come to farmers of Indiana from the starving and distressed Armenians and information has gone out over this country concerning the distress and the urgent need for food. The committee is therefore asking that the farmers of the state as their share in his relief effort, contribute corn, or money which will be used to purchase corn. It has been arranged so that every bushel contributed, or bought, will reach the Armenians without any charges. If the Indiana farmers will contribute as they did last year, we can furnish more than 100 cars of corn."

The farm bureau president adds that "a great many of us feel that we have done our share but when we have taken into consideration all of the facts as to the helpless condition of these needy children it will give us great pleasure to come to their rescue once more."

### CERTIFIED SEED ARE FAR SUPERIOR

Continued from Page One  
up to the season to do the rest. Last year was a very poor potato season in most parts of the county and the dry weather cut the yield down to a minimum. Yet there are farmers who reported that their certified seed yielded double the home grown or grocery-store seed planted at the same time alongside of the certified. Farmers who are interested in obtaining some of this seed should get in touch with the office of the county farm bureau or O'Neal Bros. not later than noon, Saturday, March 17.

## You'll Be Delighted

## WITH ONE OR TWO OF OUR NEW HOUSE DRESSES

So comfortable and neat looking.

You might wish to take a pretty spring sweater home with you—a new collar that is so fashionable right now—everyone wants them. Silk gloves and silk hose.

You'll have to come in and look at all the new things. We'll deem it a pleasure to serve you.

## CERTIFIED SEED ARE FAR SUPERIOR

Arrangements Made to Ship in Car  
Load This Spring if Sufficient  
Orders Are Received

### TWO VARIETIES SELECTED

Early Ohios for Early Crop and Ru-  
rals for Late Crop—Cobblers May  
be Purchased

Rush County farmers have found  
out that certified seed potatoes are  
far superior to common seed in  
quality and yielding power. Arrange-  
ments have been made to ship in  
another car load this spring if suf-  
ficient orders are made up by Satur-  
day noon of this week.

Two varieties are being arranged  
for, Early Ohios for early potatoes  
and Rurals for late. The county ag-  
ent can refer those interested in  
Cobblers to a local source from  
which good seed can be obtained.  
However these are not certified,  
while the seed that will be shipped  
in will be certified.

Under the average soil conditions  
of the county it is believed that  
Ohios are the variety of early pota-  
toes best adapted to our conditions  
and the Rurals are a standard late  
variety that can not be bettered for  
this section. Changing seasonal  
conditions indicate that Rush county  
could raise more potatoes if more  
of a late variety are planted.

Soil and seed are the two con-  
trollable factors that govern the yield  
and profit on potatoes. So if the far-  
mer will put his potato patch on his  
best ground, previously heavily man-  
ured, using certified seed, it is then  
Continued on Page Three

### 92 PIGS IN 8 LITTERS

S. R. Mahin, living southwest of  
Rushville, has had unusually good  
success in saving pigs. A sow on his  
farm recently farrowed seventeen  
pigs and fifteen of them lived. In  
eight litters he has had 92 pigs and  
says that his sows have never had  
less than twelve.

## SPRING BAD TIME FOR HOG BUSINESS

Exposure and Poor Care Responsi-  
ble for Larger Percent of Pneu-  
monia in Swine

### FOLLOWS OTHER DISEASES

Excessive Dust in Sleeping Quarters  
Also Blamed for Part of the  
Heavy Loss

At this season of the year and  
through the spring pneumonia is  
common among hogs. Exposure and  
poor care are responsible for the lar-  
ger percent of this disease. It is  
common to find pneumonia following  
some other disease, such as the dis-  
ease that appeared during the war  
that has been named "flu" but com-  
monly referred to as thumps. The  
loss from this disease was small in  
most cases, but if the herd was neg-  
lected it was common for pneumo-  
nia to develop and cause a heavy loss.  
The heavy loss sometimes occurring  
in mild forms of hog cholera can  
be traced to pneumonia. It is safe  
to assume that pneumonia is liable  
to follow several different diseases  
affecting hogs, and the best way to

### DELIVERING THE GOODS

prevent it is by good management  
and care.

It is a very common belief that  
pneumonia is an infectious disease  
of hogs, but this idea is without  
foundation as the common primary  
cause is not a specific infection.  
Good, well ventilated sleeping quar-  
ters with a dry straw bed will pre-  
vent the larger percent of pneumonia  
in hogs.

Last spring we had an unusual  
number of reports at this depart-

ment of spring pigs dying with  
pneumonia. The late, cold, wet  
spring plus the failure of many  
owners to provide more suitable  
quarters especially the sleeping  
quarters, was responsible for this  
loss. On many farms an investiga-  
tion revealed the following facts:  
The pigs were allowed to run in  
blue grass or clover fields on the  
cold, rainy days of the very late  
spring. Of an evening when they re-  
turned to their sleeping quarters

### WHAT SHOULD A THREE WEEKS OLD PIG WEIGH?

Virgil Simpson of Orange  
township propounded a ques-  
tion for readers of the Farm  
News February 27 when he re-  
cited his experiences on the  
weight of pigs three weeks old  
and asked for the experiences  
of others.

Chester A. Meal of the same  
township was the first to re-  
spond. He tells of a litter of  
eight farrowed January 11  
which weighed 29½ pounds, the  
largest pig weighing 4½ pounds.  
At twelve weeks of age the  
largest pig weighed 19½ pounds  
and the smallest one 14 pounds,  
the weight of the whole litter at  
that age, weighing 132 pounds,  
he says. At seven weeks of age  
the litter weighed 220 pounds,  
the largest weighing 33 pounds.  
The sire and dam of these pigs  
were both registered Big Type  
Poland Chinas.

## GET CABBAGE SEED; TO RESIST YELLOWS

Resistant Varieties are Recommend-  
ed to Prevent Yellowing and Dy-  
ing of the Plants

### DISEASE COMMON LAST YEAR

Small Gardner is More at Its Mercy  
Than Any Other Grower—Has  
to Buy His Plants

Cabbage yellows is the worst di-  
sease in the cabbage patches of In-  
diana. The small gardener as well as  
the large grower should get hold of  
the yellows resistant varieties, Wis-  
consin-All season, Wisconsin Hol-  
lander, and Wisconsin Succession.  
The gardener that buys his cabbage  
plants should demand these varieties  
if he has been troubled with yellow-  
ing and dying of his plants.

Last year the yellows disease of  
cabbage was very common in both  
fields and gardens. Many people  
have written that they cannot grow  
cabbage because the plants always  
die before heads are produced.

Mrs. M. J. Weller of Garrett writes  
the botany division of Purdue Uni-  
versity Extension Department,  
"since we have been unable to raise  
any cabbage for three or four years  
because of the yellows, I am writing  
to you for the address of the seed  
company where I may obtain the  
varieties you mention."

Owen Metzger of North Manches-  
ter says:—"Our land here is badly  
infested, so would like to know  
where to get yellows resisting seed."

W. H. Killion of Sandborn seems  
to be bothered more than usual, for

## WEEKLY STORE NEWS

From ALLEN'S

The test of the kitchen is in the cooking, but no cook can meet  
the test without the proper means and materials.

If the fine flavor is not in what you are preparing the best cook  
cannot make it tasty. Your food products must be right if pal-  
atable, nourishing and appetizing dishes are to be made.

We have foods of pleasing flavor. You can follow the most  
delicate and choice line of cooking when you buy of us.

Your baking depends on the flour. In LOYALTY we have a  
flour that meets every demand. The checks mailed out some time  
ago by The Newton Milling Co. are still redeemable for 15 cents  
on the purchase price of a 24 bag of LOYALTY.

Canned goods week is over but you can still find many low  
prices in our stock. Most of the prices we quoted last week were  
our regular prices on single cans, the special prices were on larger  
quantities.

Our store has been made an agency store for The Battle Creek  
Sanitarium Food Co. products. We have all of the most commonly  
used products of this wonderful institution in stock. If you are  
using some of the products that we do not have regularly, we will  
be glad to order them for you and can save you the postage.

# GET CABBAGE SEED TO RESIST YELLOWS

Continued from Page One  
he states: "Will you please inform me where I will get the seed that don't have yellows disease. I can't raise cabbage at all any more."

The grower that seems affected worst and who is most at the mercy of the disease is the small gardener, especially the city gardener. He usually does not have the facilities to raise his own plants and must depend on some plant grower. For this reason plant growers all over the state have been sent information concerning the places where seed of varieties that will not take the yellows disease, can be obtained. The small gardener can help himself by asking the person from whom he buys his plants to raise one, or all these three varieties, Wisconsin All-season, Wisconsin Hollander, or Wisconsin Succession. These varieties are all mid-season or late varieties but they will produce almost a perfect crop on land that is so thoroughly infested with yellows, ordinary cabbage always fails. Moreover, the heads produced are as good as any variety. There are no resistant varieties of early cabbage but usually early cabbage is not badly affected if it is planted as early in the spring as is possible. Cabbage grown in cool weather does not become diseased but warm weather is sure to bring it on, if the soil is infested.

Go to the county agent or write to the Purdue University Extension Department for the list of seed houses handling the seed of these yellows resistant varieties.

# SPRING BAD TIME FOR HOG BUSINESS

Continued from Page One  
wet and chilled, they were forced to sleep on a wet bed of straw. You can readily see why they developed pneumonia, and the big question is how any of them escaped this disease under such circumstances?

Another contributing factor to pneumonia is an excessive amount of dust in the sleeping quarters. Dust causes irritation of the mucous membranes of the throat, bronchial tubes and lung tissue, and may carry with it infectious organisms. Dust can be kept down by sprinkling

# HEZ BARKER SAYS

road oil over the floor whenever it is necessary. There is no treatment for pneumonia other than good care of the individual. Place the sick animals to themselves in a well bedded, well lighted and ventilated stall and feed lightly of a sloppy feed.

In every case prevention is worth pounds of cures and if it is earnestly practiced, the results will be gratifying not only in preventing pneumonia but other diseases affecting hogs.

# INDICATE IT WILL PAY TO TEST SEED

Continued from Page One  
percent was found to be inferior seed corn. It happens that all the corn tested so far was early selected and rack dried, so that the farmer who will have to depend upon crib corn will probably find a larger percent unfit.

Farmers have found that it pays to test seed and the demand for the testing has been increasing every year since the plant was opened three years ago. The county agent has many bushels signed up in advance, with room for only a few more bushels. The plant is small and can't take care of more than fifteen to twenty bushels per week, so will not be able to take care of all the demand.

Therefore, it will be necessary for

many farmers to test their own seed if they want it tested. Last year forty farmers tested seed corn at home, obtaining the special testing paper at the county agent's office. This paper is furnished at cost to farmers wanting it.

# PURDUE JERSEY SETS STATE MARK

Estelle Joan, Four Years Old, Establishes New State Record by Producing 12,336 lbs. of Milk

BROKE RECORD LAST YEAR

Will Qualify For Both Silver and Gold Medals Offered by American Jersey Cattle Club

The Jersey herd at Purdue University is made up of some excellent animals, and since the addition to the herd of a son of Fauvic's Prince world-famous sire of the breed, the herd is considered one of the best in the state. Within the last few years some exceptionally high records have been made by the university cows which have attracted the attention of Jersey breeders in not only this, but in other states as well.

In 1921 one of the good cows in the Purdue Jersey herd, Purdue's Golden Estelle, finished a record of 14,052 lbs. of milk and 748 lbs of fat, thereby establishing a state Jersey record for all ages. This in itself is a splendid record, but it is of more value when the offspring of such a good cow makes even a better record than the cow herself made.

A daughter of this cow, Estelle Joan, finished a 3 year old record last year of 10,632 lbs. of milk and 635 lbs of fat, thereby establishing a state record for Sr. 3 years olds. While the dam of this cow was considered good, this daughter made a much higher record than her dam made at the same age.

This year Estelle Joan as a 4 year old not only kept up her good production but greatly increased it, and established a new state record for 4 year olds when she produced in a year 12,336 lbs. of milk and 701 lbs of fat.

To establish a state record is quite a performance on the part of any cow, but to break state records in each of two successive years certainly shows the remarkable producing ability of any cow.

Not only did Estelle Joan make a new state record, but she is bred to freshen in April, and will thereby qualify for both silver and gold medals offered by the American Jersey Cattle Club for high production.

In making this record this heifer becomes the fourth Jersey cow in Indiana to make over 700 lbs of fat, her mother being the second one, and she becomes the second Jersey cow in Indiana to qualify for an Ameri-

can Jersey Cattle Club gold medal.

This heifer shows as the result of her last three years records the two characteristics so necessary for economic production; first, natural ability for high production; second, persistent production. These are the two characteristics of cows which make dairying a profitable business.

A summary of the production of this remarkable heifer shows what she has done in her three years of production as a heifer:

This heifer has an average of 10,221.6 lbs of milk and 604.7 lbs of fat for her three heifer records. This would be remarkable production for three consecutive years for any cow, and so is more remarkable when it is seen that these records were all made in heifer form.

In commenting on this record Prof L. H. Fairchild, of the Dairy Department said: "Such cows as Estelle Joan, producing almost as much

in a year as four average milk cows in Indiana, will put dairying on a more profitable basis than that on which it is conducted on too many farms, and dairymen in Indiana need more such cows. The three essential things for high production, good breedings, good feeding and good care, have all been given this heifer, and she has demonstrated their value for high and economic production."

# Brown Nut Bread

Per 4 teaspoons melted butter allow 2 eggs, 1 cup each of sugar and sour milk, 3 cup molasses (New Orleans), 1 1/2 cups each of white and graham flour, 1/2 teaspoon salt, 1 teaspoon soda, 1 cup each of seeded raisins and chopped nuts.

Beat the eggs and sugar well together, then add molasses, soda mixed with the milk, salt, flours, raisins and nuts. Mix and bake in a slow oven 1 1/2 hours.

# Help wanted!

The men of America don't have to do the washing—but if they did, they would be as tired of needless laundry toil as American women are.

# The Eden

substitutes electric-power for man- or woman-power in the home. It substitutes science for backache. It cleans everything—blankets, linens, all clothes—by dipping them up and down through hot suds a countless number of times as gently as a woman dips a bit of lace in a basin.

There's no rubbing with an Eden. It makes everything wear enough longer to much more than save its cost. It saves time, labor, hard work and wages.

## CLEMENCY DENIED TO CARL GUNNING

Recommendation of State Pardon Board on Former City Clerk's Plea is Surprise

SERVES HIS MINIMUM TERM

Clemency Also Refused Dr. Elbert Morris; Milroy Veterinarian Sent to Penal Farm

Carl Gunning, former Rushville city clerk and book keeper at the Charles E. Francis company's plant here, was denied clemency, by Governor Warren T. McCray in Indianapolis today, according to a dispatch received by the Daily Republican this afternoon.

The state board of pardons recommended that Gunning's plea for clemency be denied and the governor acted upon this recommendation.

The attitude of the board of pardons was a surprise here because Gunning this month will have served the minimum under his sentence of two to fourteen years at the state prison at Michigan City.

The governor also refused clemency for Elbert Morris, a veterinarian of Milroy who was sentenced in the juvenile court here for encouraging the delinquency of a minor girl.

Morris was sentenced November 4, 1922 to a term of six months in the state penal farm and fined \$500. Morris has served a little more than four months of his term.

Carl Gunning was sentenced to a term of two to fourteen years in the Rush circuit court by Judge Will M. Sparks March 16, 1921 when he pleaded guilty to a charge of embezzlement.

It is known that many friends of the former city clerk here have been working in his behalf and that efforts have been made to have the state pardon board act favorably on his plea for clemency.

Persons familiar with the situation fully expected favorable action on the plea because it is generally the rule, it is said, that prisoners are never compelled to serve more than the minimum of their sentence if they make model prisoners.

Friends of Gunning say that he had hoped to gain his freedom this spring when the first two years of his prison term had elapsed.

An effort was made this afternoon (Continued on Page 6)

## MAY LOSE SIGHT OF EYE Piece Of Hot Solder Strikes Him In The Face

Robert Conway, 117 West Fourth Street, an employe at the I. & C. car shops, may lose the sight of his left eye as the result of an accident which happened Monday afternoon while he was working at the shops.

He was engaged in making a repair that necessitated the use of solder, and in some manner a piece of the hot metal shot into his face, striking his left eye, and plastering it over. An examination at the Dr. Sexton hospital was made, and it was the belief today that the eye sight was lost, although it may take several days to determine the outcome.

## COURT JUDGMENTS ON NOTES ORDERED

Judge Sparks Rules In Mortgage Foreclosure Suit When Mont Stewart Defaults

TWO BANKS AS PLAINTIFFS

Court judgments on notes foreclosing mortgages were ordered this morning in the circuit court, in the complaint heard of the New Salem State Bank and the Rushville National Bank against Mont Stewart, et al, when the first named defendant defaulted.

The two banks as plaintiffs were allowed judgment for the amount of \$8,168, principal, interest and attorney fees on their demand; a second judgment was rendered for Thomas Beaver in the amount of \$1,326.27 and a third judgment for Earl H. Payne in the sum of \$502.49.

In the court this morning the evidence was heard on the petition for a guardian for Samuel B. Fisher, an aged blind and infirm person, and Irvin Kinnear was appointed by the court as his guardian.

The divorce suit of Roxie Gray against Wendall Phillips Gray, filed several weeks, has been sent to Henry county on a change of venue, on motion of the defense.

## BODY TO BE BROUGHT TO CITY FOR BURIAL

Ernest Woodcock, Formerly A Rushville Printer, Dies At His Home In Chicago Of Pneumonia

FUNERAL WEDNESDAY AT 10:30

Ernest Woodcock, a former resident of this city, who was engaged as a printer here for a number of years, expired last Friday at his home in Chicago, and will be brought here Wednesday morning for burial and services.

The deceased was 64 years old, and death was caused from pneumonia. Several years ago when he lived here, he was a printer at the Daily Republican office, and will be remembered by many.

His remains will arrive over the C. & W. train at seven o'clock in the morning, and will be taken to the residence of Mrs. Belle Cosand, 323 West Third street, where the services will be held at 10 o'clock, and with burial in East Hill cemetery.

The deceased is survived by two children, and two sisters, who are Mrs. Jeanette Sherman and Mrs. Cora Fogleman of Givert, Mich.

11-MONTHS-OLD BABY DIES

Howard Wayne, 11-months-old son of Mr. and Mrs. Jess A. Walls, living east of New Salem, expired this morning about 7:30 o'clock at the Methodist hospital in Indianapolis, where the baby had been taken Sunday for treatment and an examination today. The body was to be inated. Details of the death were brought to the family home late this afternoon, and funeral arrangements will be announced later.

## LOCAL KNIGHTS TO NOT TO TRY CASE SEND A DELEGATION FOR NINETY DAYS

Preparations Being Made to Attend Dedication of Knights Templar Cottage at Franklin

GIVEN TO MASONIC HOME

Twelve Thousand Members in Indiana Contribute \$5 Each to Erect Place for Boys

Rushville commandery No. 49, Knights Templar, will be represented by a large delegation, it is expected at Franklin on Sunday, May 13, when the Knights Templar cottage at the Masonic Home is dedicated and formally presented to the board of trustees. The program for the dedication ceremonies and exercises incident to the event, is being framed now by the Grand Officers of the Commandery.

It is regarded as definite, however, that Perry T. Newby of Knights-town, Grand Master of Knights Templar in America; George Newhouse, Grand Commander of Indiana Knights Templar and a special representative of the Ohio Commandery, will be here to make addresses at the dedication. Twelve thousand Knights Templar in Indiana have each contributed five dollars to fund for the erection and equipment of the new boys' cottage. They have a personal interest in the memorial and it is confidently believed that at least a thousand of these twelve thousand members of the Commandery will come to Franklin for the exercises.

Rushville commandery participated in the giving for the cottage fund one hundred per cent, the commandery sending a contribution equal to five dollars for every member of the commandery.

An announcement of the dedication was made at a recent meeting of the Rushville commandery and already plans are being made to take a large delegation. Wives and lady friends of the Knights are especially invited to attend.

The Franklin Chamber of Commerce has offered to co-operate in every way possible with the Knights Templar committee in the dedication plans and probably will organize an entertainment committee and an automobile parking squad to handle the parking problem on dedication day. Will W. Suckow, Grand Sword Bearer, of the Indiana Commandery, has received personal assurances from all the other grand commandery officers that they will be there for the exercises.

## HOLDS LEAGUE SHOULD REPORT ON FINANCES

Supreme Court Justice Staley Rules in Case of Anti-Saloon League of New York

A POLITICAL ORGANIZATION

Albany, N. Y., March 13.—The Anti-Saloon League of New York is a political committee and as such should file a statement of receipts and expenditures made in connection with the 1922 primary and general election, Supreme Court Justice Staley ruled here today.

Justice Staley's order was given in a case brought by five Troy citizens to have the organization so declared. In his order, Justice Staley said:

"The proof conclusively disclosed that the Anti-Saloon League of New York, through its officers and employes and at its expense, by the printing and distribution of publications, bulletins, circulars and letters by public addresses made to qualified voters directly referring to the record and qualifications of candidates for nomination and election and by assistance rendered in the organization and direction of workers at the polls was an active participation to aid and defeat candidates for a public office at the primary and general elections of 1922."

"Cooling Off" Amendment to Divorce Law Makes Provision for the Time of Trial

RULE IN EFFECT LOCALLY

Local Court Never Sets Divorce Case For Hearing Until Sixty Days After it is Filed

Hereafter divorce hearings will not be held in the circuit court until ninety days after summonses have been issued to the parties in the suit.

An amendment to the present divorce law, generally termed the "cooling off" provision, was passed by the house and senate of the general assembly which ended its biennial session last week, and has been signed by the governor.

It has been the rule of Judge Will M. Sparks in the Rush circuit court never to set a divorce for trial until sixty days after it had been filed, for the same purpose that the sponsors of the new amendment had.

The Indiana divorce law was amended a few years ago with a provision that no divorce case should be tried within sixty days after the filing date, but it was held unconstitutional by the higher courts. The judge of the Rush circuit court, however, kept the rule in effect regardless of the higher court's ruling.

The supporters of the new amendment contend that it will aid materially in correcting the divorce evil by giving ample time to both husband and wife to think over the action they have taken. It was suggested at the time the amendment was debated that the provision would have the effect of bringing about a number of reconciliations.

A marriage and divorce bill, which, among other things would have prohibited mixed marriages and reduced the number of grounds for divorce, was introduced in the house of representatives by Representative Elizabeth Rainey (Marion Rep.) The bill was indorsed by the General Federation of Women's Clubs and was similar to a measure that had been introduced in the congress. After being mutilated and amended considerably, the measure ultimately was killed.

## COMMENCEMENT IS SET FOR APRIL 20

Eight Will Be Graduated By Washington Township High School At Raleigh This Spring

D. R. STEWART WILL SPEAK

The Raleigh high school in Washington township is the first school to announce the list of graduates and commencement week program, with the graduating exercises set for April 20 at eight o'clock.

Eight Seniors will be graduated from the school, and the list includes the following: Lucile Beam, Stella A. Carson, Virginia C. Davis, George W. Garver, Avis E. Hays, Flavin A. Hyatt, William J. Newkirk and Virginia L. Wildridge.

David K. Stewart will deliver the commencement address and Wagoner's orchestra of this city will furnish the music. B. D. Farthing will present the school diplomas to the graduates.

The class colors are yellow and white, and the flower is sweetheart roses. The motto of the class is, "Hitch Your Wagon to a Star." The teachers of the school are F. L. Maddy, Richard McPherron, Wilma Harrington and Anna Vandaventer. E. L. Aiken is township trustee.

FIRE GUTS APARTMENT

Lincoln, Neb., March 13.—A spectacular fire today gutted a four story apartment building here and damaged the Victoria hotel with a loss of \$150,000. Twenty-two families occupying the apartments were forced to flee in their night clothes.

## ASKS FOR HER MAIDEN-NAME Edith Bryant Files Suit For Divorce From Floyd Bryant

Edith Bryant, has filed suit for divorce from Floyd Bryant, and also asks that the court restore her former name of Edith Richardson. The plaintiff alleges that they were married January 13, 1921 and separated June 29, 1922, and that during their married life they lived in Posey township and at 931 North Arthur street, Rushville.

The plaintiff alleges that her husband was cruel, cursed her, threatened to do her bodily harm, and that he was intimate with other women and carried on clandestine correspondence.

## STORM TAKES TOLL OF THIRTY LIVES

South is Heaviest Sufferer, 16 Being Killed in Tennessee, and 9 in Kentucky

TWO KILLED IN CHICAGO

Indiana Recovering From Gale Which Crippled Transportation and Impeded Business

(By United Press)  
Chicago, March 13.—The storm which swept the country from the Mississippi valley eastward Sunday and Monday, took a toll of thirty lives, complete reports today showed.

The south was the heaviest sufferer, sixteen being killed in Tennessee; nine in Kentucky and one in Arkansas. Two lost their lives in Chicago and two in Ohio.

Unsettled weather followed in the wake of the storm here. A light snow fall and lower temperatures were reported throughout the Great Lakes region.

Indianapolis, Ind., March 13.—Indiana was recovering today from the gale and rain storm which disrupted communications, crippled transportation and seriously impeded all business.

Linemen and trouble shooters from telephone companies were running down broken wires in all parts of the state. It was estimated that sixty-five percent of the property of the Indiana Bell Telephone Company was damaged by the storm. The American Telephone and Telegraph Company, parent of the Indiana Bell, suffered even heavier losses. It was said that seventy-five percent of their facilities were destroyed.

Traction companies, suffering equally as much as the telephone companies were picking up broken poles, mending broken wires and trying to recover in a day from what the elements destroyed in a few hours. Many cars were still running behind schedule, but service has been restored in some degree on all lines.

Steam railroads were still hampered slightly, but the nature of their business let them off with a lighter blow than the other utilities. While business in general resurrected its scattered equipment, individuals throughout the state whose homes were crushed in the wind, or who sustained other losses were taking stock of losses.

As the wind died down, the spectre of a spring flood haunted residents of river bottomlands. Up in the Wabash, the Wabash river has gone over its banks into the low lands. In other sections of the state, streams have been swollen by the recent rains. Further rain would send the bottomland farmers scurrying to higher ground with their household goods and livestock.

INVESTIGATE SUGAR PRICES

Washington, March 13.—Agents of the department of commerce in Cuba are making a preliminary investigation of the sugar situation in that country, to determine how they affect sugar prices in the United States, it was made known today. Secretary of Commerce Hoover hopes to determine whether the increased sugar prices are unfair and whether a final official investigation shall be made.

## REPARATIONS PLAN UNDER DISCUSSION

Progress To Point Of Private Conferences With Industrials To Ascertain Guarantees

HOPE TO STABILIZE MARK

French Threaten To Shoot Mayor Of Buer If Any More French Are Attacked, Germans Report

By CARL D. GROOT  
(U. P. Staff Correspondent)

Berlin, March 13.—The German government new reparations scheme which will be presented as soon as a favorable opportunity occurs, had progressed today to the point of private conferences with industrials to ascertain the guarantees the latter will be able to give in support of the plan.

In connection with work on its reparations proposals, it is learned that the government also is preparing an unprecedented and far reaching scheme to stabilize the mark and promote general sanity in German finance.

An advantage to Chancellor Cuno in early negotiations will be that present no link for the three fold resistance of government, industrialists and workers has cracked. He would be in a far stronger position with this unity at his back than if there were dissension in the German ranks, as might threaten to develop if the Ruhr occupation became more unbearable.

"If France declares she will annex the Ruhr, then, of course, we shall have to pay," Fritz Thyssen, leading industrialist, is quoted as saying in an interview. "We lost the war hence we must pay, but payment must be arranged reasonably."

"I suggest a commission declare what the total payment shall be and arrange to float a loan in Great Britain or the United States with German export trade as security."

"France could hold the left bank of the Rhine as a pledge and we should be free to produce—and fulfill our obligations."

"The presence of the French army in the Ruhr prevents instead of facilitating payment."

"France seems to want to conduct the Ruhr, which means dominate Europe. Probably she will not succeed, or Europe will experience another period of Napoleonism with all modern contrivances added, making it more horrible."

Berlin, March 13.—The French have threatened to shoot the mayor of Buer, whom they hold as a hostage, if any more French are attacked in the Ruhr, according to reports from German sources today.

## FORMER SCHOOL HEAD OF COUNTY IS DEAD

Isaac O. Harrison, Age Sixty Years, Expires Today at Sister's Home in Greensburg

BORN IN RICHLAND TOWNSHIP

Isaac O. Harrison, a former resident of Richland township, and formerly county school superintendent of Rush county, expired this morning at the home of his sister in Greensburg, according to word received here today.

The deceased was 60 years old. He served as county school superintendent of this county from 1893 to 1897, following R. F. Conover and his successor in the office was A. L. Gary.

He was a native of Richland township, and resided there until a few years ago, when he went to Greensburg to live with his sister, Mattie Harrison, a teacher in the Greensburg schools.

The deceased also is survived by a brother, John E. Harrison of near Milroy, and a daughter, Mrs. Kinnett of Milroy. The funeral services will be held Thursday at two o'clock, and burial will be made in the cemetery at Richland.

**\$400,000 SHORTAGE FOUND****Amount Required To Place Chicago Bank On Sound Basis**

Chicago, March 13.—Examiners today announced \$400,000 would be necessary to re-establish the Logan Square Trust and Savings bank on a sound basis. Doors of the bank were closed Saturday after Fred W. Popp, president, killed himself.

David Wiedman, Jr., vice-president, missing since Popp killed himself, re-appeared and admitted "technical forgeries" on doubtful notes of \$25,000. Wiedman, in talking with newspaper men said he signed the name of an official of the Self Sealing Valve company to a note. The official was out of the city at the time. Wiedman said and he intended to have the matter straightened out later.

**Shicks And Shebas Under 18 Are Barred**

Indianapolis, Ind., March 13.—Shicks and Shebas under 18 years of age were barred from public dance halls by Chief of Police Herman Rikhoof today.

"Wall flowers" must not congregate in dance halls. Liquor drinking and smoking must be.

To carry out his orders, the chief directed that no dance may be held without a mafra being present.

Five police women were assigned to supervise the activities of dance halls and movies; to exercise the eagle eye and the blunt bludgeon on all who disobey.

**WILL DISCUSS THE RUBBER SITUATION****Harvey Firestone to Meet President Harding at Miami, Florida For This Purpose****BRITISH EMBARGO TOPIC****By LAWRENCE MARTIN (U. S. Staff Correspondent)**

Fort Lauderdale, Fla., March 13.—Possibility of the British government lifting its rubber embargo to permit a larger supply to come into the United States, may be discussed with President Harding by Harvey Firestone, who has invited the president to be his guests at Miami.

Firestone is reported eager to lay the rubber situation which is giving automobile men great concern before the president.

Harding, however, plans to evade as much as possible the discussion of both domestic and foreign affairs at Miami, and intends to meet only a few people. He may board a boat their soon after his arrival for a fishing trip among the Florida keys.

**MORTGAGES ON FARMS**

Washington, March 13.—Mortgages totalling \$7,857,700,000 were attached to the farms of the United States in 1920, the department of agriculture and the census bureau reported today. Iowa led in mortgages with a total of \$1,098,970,000 and Illinois was second \$500,860,000,000.

**NOTICE OF BOND SALE**

Notice is hereby given by the undersigned Treasurer of Rush County, Indiana, that on and after the hour of two o'clock P. M. on

MONDAY, APRIL 16th, 1923, at the office of said Treasurer in the Court House in the City of Rushville, Indiana, he will receive sealed bids for the purchase of Seven Thousand Two Hundred Eighty Dollars (\$7,280.00) Road Bonds. Said bonds to be forty in number, dated April 15, 1923, each bond for the principal sum of One Hundred Eighty Dollars (\$180.00) each, bearing interest at the rate of five per cent (5%) per annum, payable semi-annually on the 15th day of May and November of each year.

The first two bonds will be due and payable on the 15th day of May, 1924, and two bonds each six months thereafter until all of said bonds have been paid.

Said bonds have been issued for the purpose of providing funds for the construction and improvement of a certain highway petitioned for by James H. Snider et al. of Noble Township, Rush County, Indiana, and will be sold to the highest bidder for not less than par and accrued interest.

The right is reserved to reject any and all bids.

FRANK LAWRENCE, Treasurer, Rush County, Indiana, Mar 13-11

Anna Madden in Alexandria, Ind.,  
Monday morning were the Misses  
Jennie Madden, Ellen Madden and  
May Madden and Mrs. James Mul-  
lins, and Bert, John, Frank and  
Lawrence Madden.

## WITNESS IN CASE AT GARY IS KILLED

Gaspari Monti, Main Witness For  
Government in Liquor Case, Was  
Murdered, Officials Declare

### MURDERED IN THE STREET

Gary, Ind., March 13.—Gaspari  
Monti, star witness for the govern-  
ment in the Gary booze cases was  
shot to death by "black hand" ter-  
rorists, authorities investigating the  
slaying declared today.

Monti, king of Gary's Little Italy  
was shot down on the street by two  
men armed with sawed off shotguns.  
Both federal and local authorities  
joined in the search for the slayer.  
After questioning scores of Monti's  
followers they announced his death  
had nothing to do with his testimony  
in the liquor cases.

Attempts had been made to kill  
Monti several times. He told fri-  
ends a few days ago he was afraid  
they were going to get him.

Monti signed an affidavit presented  
to the federal grand jury which in-  
dicted 75 residents of Lake county,  
including high officials on charges  
of violating the prohibition laws.

## FRANKLIN COLLEGE TO BUILD

Five New Buildings, Costing \$750,-  
000 Planned This Summer

Franklin, Ind., March 13.—Five  
new buildings to cost approximately  
\$750,000 will be erected at Frank-  
lin college within the next two years.  
It is hoped to meet the enlarged  
needs of the institution and also to  
provide for the future, the board of  
trustees has announced.

A building fund campaign will be  
directed by Charles E. Goodell, presi-  
dent of the college. During the  
last five years the student enroll-  
ment has been nearly doubled at the  
college as has the number of faculty  
members.

Grafton Johnson of Greenwood,  
president of the board, has announ-  
ced a gift of \$100,000 to the fund,  
contingent upon the raising of an  
additional \$500,000 within the next  
two years.

Mrs. J. E. Bean, 604 East Seventh  
street, kept open house Monday in  
honor of the birthday of her father,  
the Rev. W. S. Rollins, who was  
seventy-three years of age. Many  
friends called during the day and  
brought tokens of respect. The Rev.  
Mr. Rollins is an invalid, being un-  
able to talk or walk. Mrs. Bean  
wishes to thank especially the Bap-  
tist church for its donations.

# "Shall Ruin be the Penalty of Success ?"

The Chicago Tribune in an  
editorial March 6th, says: —

"The senate committee on manufactures,  
directed by Senator La Follette, has returned  
a typical La Follette report attacking the  
various Standard Oil companies as, in effect,  
a monopoly more dangerous than the com-  
pany was before its dissolution. The action  
emphasizes a growing tendency in this coun-  
try to break down anything which is a success.

"We quote one paragraph as illustrative of  
the thought or lack of thought which produced  
the whole: 'While it may be that a Standard  
company in a particular territory does only  
about half the business in that territory—  
and some of the Standards do more than half  
and some less—yet in all territory some  
Standard company is so much larger than  
any single competitor that it has come to be  
almost universally accepted that the tank  
wagon price in any territory is controlled  
absolutely by the Standard marketing com-  
pany for that territory.'

"In words not arranged by Senator La  
Follette, that can mean only one thing,  
namely, that there is competition, and that  
prices are determined by the most efficient  
organization. If not, it is clear that a smaller  
company would undersell the Standard, and  
so bring prices down. The purpose of the  
report is to break up and destroy the more  
efficient organization for production and de-  
livery of oil and oil products. What would  
it leave as a substitute? Numberless small  
concerns, doing business inefficiently and with  
high-overhead costs, which without the com-  
petition of the Standard would immediately  
force prices up, not down. Incidentally it  
would stimulate promotion of all sorts of  
wildcat oil companies which would dupe in-  
vestors or speculators and help raise the price  
of oil products.

"In more detail, the report complains of  
the private use of Standard pipe lines, and  
wants to make them common carriers. In  
other words it would penalize a progressive  
organization and force it to divide its means  
of service with inefficient organizations. That  
sort of tyranny over business cannot go on.  
Human beings will not work without reward.  
They will not improve service or cheapen pro-  
duction and distribution if the profit of such  
improvements is to be legislated away from  
them by socialistic demagogues. If this re-  
port became the basis of the legislation it  
seeks it would destroy the incentive for im-  
provement and energy in the oil business, and  
that business would lapse into a condition  
where we would pay many times the price we  
now pay for its products.

"Such thinking and such attacks upon suc-  
cessful business of any kind threatens the  
same disaster. It means demoralization of  
industry and energy and threatens an end to  
all improvement.

"The writer of this editorial does not now  
own, and never has owned, nor expects to  
own, one share of Standard or any other oil  
stock. He has, however, owned flivvers, which  
consume oil products. He can understand  
how owners of automobiles would like to see  
the price of gasoline and oil come down. He  
can understand how a man like La Follette  
would seek the approval of the millions of  
automobile owners in this country by shout-  
ing that they are being robbed, and promising  
to stop it. But he believes too much in the  
intelligence of automobile owners to think  
they will seek lower prices of gasoline by  
destroying the most efficient producer and  
distributor of gasoline.

"It would not only be folly to bring that  
about because of its immediate effect, but be-  
cause of its future effect. The Standard Oil  
companies are doing more to establish new  
sources of supply outside this country for  
American consumption than any other busi-  
ness we know. They have prospectors and  
engineers and financiers working throughout  
the world to obtain wells. Are we so lacking  
in intelligence that we would destroy a con-  
cern which is seeking to provide for our needs  
after our domestic supplies are exhausted?

"There is but one suggestion in the entire  
report that appears sane and reasonable.  
That is the one for prohibition or regulation  
of export. That is worthy of consideration  
and study. It might be advisable, though  
even then we would have to consider possible  
retaliations and the question of whether it  
would be wise to cut off such a portion of  
our foreign trade. National defense might  
warrant it."

DO NOT LOOK BACK.—No man, having put his hand to the plough, and looking back, is fit for the kingdom of God.—Luke 9:62.

#### A Congress Case

An automobile traveling at high speed between Baltimore and Washington struck a bridge, and a young lady passenger was thrown to the ice of the river below and broke her neck. Her male escort was arrested and evidences of bootlegging were found about the car. A lieutenant of the Washington police identified the man as one of the largest traffickers in bootleg whiskey at the National Capital, and the records showed that he had been arrested less than a month before on a charge of selling liquor.

Here is a concrete case of lax law enforcement, with the blame apparently resting equally between the police and the courts. The man had been arrested, but the courts did not see fit to lodge him in jail and he was permitted to pursue his trade. The police seemed to pay no further attention to him, although they admitted knowledge of his persistent law-breaking. The fatal accident in connection with one of his bootlegging excursions was the result of official negligence.

With slight change in the circumstances, the incident can probably be duplicated in every state. There are doubtless thousands of bootleggers well known to the police, who could be sent to jail if the arresting officers and judges would perform their plain duty. Such a situation is not due to any lack of personnel, neither does it require the services of a great detective to locate the culprits. The latter are already known in many cases and can be picked up and sent to prison whenever it suits the convenience of our public officials.

#### Henry Says It's So

Henry Ford says 1923 will be a prosperous year for us all. It will be a prosperous one for Henry, anyway, because he has more

orders for cars than his extensive plants can possibly turn out.

We hope Henry is a good prophet, but we cannot pin our optimism to car orders alone.

The fact that a man owns an automobile does not necessarily mean that he is prosperous. There was a time, B. P., when men would pay their last dime for a drink of booze. The same men might do likewise now, were it not for the fact that an humble dime will not even get a look-in at the smelt.

It is much the same with automobiles.

People who have trouble in meeting their grocery bills will mortgage their breeches in order to buy a car on time and become a daily contributor to the gasoline trust.

But at that Henry may be right. We hope he is. But we want to see prosperity so pronounced that we can afford a Packard instead of riding the bumps in a lizzie.

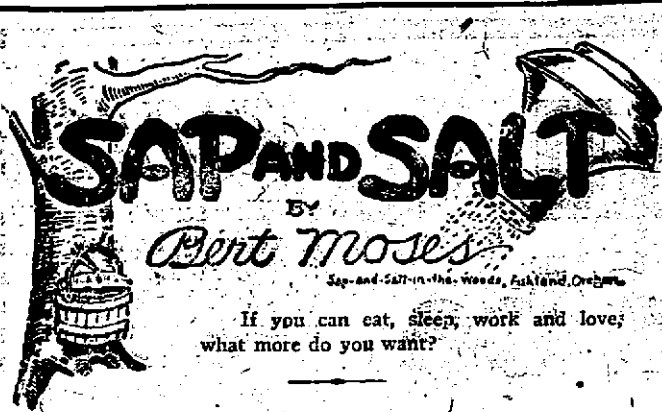

And we don't want to slap a plaster on our breeches.

#### We Are Through

The Swedish Red Cross has stopped famine relief in Russia because the soviet is exporting grain. The German Grain Bureau is said to have contracted for 35,000 tons from the Black Sea area, which is adjacent to the famine district, and a huge quantity is also being sent to other countries. The American Relief Commission is also winding up its affairs in Russia, and it will be a long time before there will be a resumption of grain exportations to a country that, in turn, is selling grain for a profit.

#### But They Are Not the "Big Noise"

(Baltimore Transcript)  
"Battling Bob" and "Roaring Reed" make a great team in the Senate. For noise.

If you can eat, sleep, work and love; what more do you want?

Thinking costs nothing. Go to it!

Rich folks never spend their money as poor folks think they ought to.

A man will put up with a lot if his wife's parents are rich and in poor health.

To be a "big" man, the dimensions must apply to the mind and not to the belly.

Nothing makes us quite so sore at a man as the discovery that he is smarter than we are.

#### HEZ HECK SAYS:

"Etiket won't never be popular till we're allowed to sop up the gravy with bread in our fingers."

#### FIFTEEN YEARS AGO TODAY

From The Daily Republican  
Friday, March 13, 1908

The basketball game between Morristown and the local team this evening at the Graham school building promises to be one of the best games of the season. This is the last game of the season and any one who appreciates a good fast clean game should not miss this one.

The members of the Rushville Social club met at their club rooms last night and elected the following officers for the coming year: R. L. Tompkins, president; Ab Denning, vice-president; Melvin Moor, secretary; Ed Oglesby, treasurer. The house committee selected is composed of Will Bliss, Frank Mull and Gates Sexton.

A large barn on the James Neal farm in Rush county, two and one-half miles east of Moscow, burned to the ground at two o'clock Thursday afternoon. The loss is estimated at \$2,500. It is not known whether insurance was carried.

Mrs. Selman Webb of West Third street will go to Anderson tomorrow to visit her daughter. From there she will go to Noblesville Monday to visit a few days with her sister.

Mrs. W. O. Fendner is visiting friends in Anderson.

Claude Cambern and Will Frazee were passengers on the west bound dispatch this morning.

Mrs. Anna G. Hornaday, of North Manchester is the guest of Mr. and Mrs. George Looney, Jr., and other relatives in this city.

Allen Blackledge and Francis Moore are here from DePauw University to spend a few days with their parents and friends.

Leonard Booth, who is attending school at Purdue, came today to make a short visit with his parents, Mr. and Mrs. William Booth, south of this city.

The Juniors of the local high school were delightfully entertained by Arthur Kenner and Scott Bhill with a hay ride and "chicken friz" at Charles Kenner's sugar camp, Wednesday evening. About twenty members of the class enjoyed a pleasant evening pulling taffy, and eating chicken.

Donald, the son of Mrs. Lillian Power of North Main street, is ill with bronchitis.

Mrs. Rebecca Wilson entertained at her home in South Morgan street last night with a cupid surprise party, which proved a delightful affair. Mrs. Lee Pyle assisted in entertaining. The surprise was arranged for the twin Misses Helen and Hazel Wilson.

## AMATEUR BOXERS TO STAGE TOURNEY

Athletes From Indiana And Kentucky Will Stage Boxing Carnival In Indianapolis

FROM MARCH 29-31

Entries Will Close March 21 And Rules For Amateurs Will Be Followed Closely

By HEZE CLARK  
(Written for United Press)

Indianapolis, Ind., March 13.—Athletes from Indiana and Kentucky will gather in Indianapolis to take part in the amateur boxing championships, to be held March 29, 30, and 31. The annual championships will be held under the auspices of the Hoosier Athletic club and will be held in that club's big gymnasium. Last year it required two nights to hold the matches, but the increased entry list has made it necessary to devote three nights to settle the amateur championship of Indiana and Kentucky.

Padded mitt artists are divided into eight classes as to weight. They are classed: Flyweight, 112 pounds; bantam weight, 118 pounds; feather weight, 126; light weight 135; welter weight 147; middle weight 160; light heavy weight 175 and heavy weight, any weight.

Gold, silver and bronze medals will be given for first second and third places in each class. All boxers must be registered under the Amateur Athletic union.

The entries for the big boxing carnival will close March 21. Entries should be sent to George W. Lipp, Physical director, Hoosier Athletic club, Indianapolis.

Mr. Lipp made it plain that this championship is not limited to athletes who are registered under the colors of some school or athletic club, but that any amateur boxer either Indiana or Kentucky could enter and compete as "unattached."

Gary Y. M. C. A., Calver Military Academy, the Hoosier Athletic club, the Indianapolis Athletic club, the Indianapolis South Side Turners, the Brightwood Athletic club and the newly organized Mapleton Athletic club will all enter teams, including boxers in each class.

The Louisville Ky., athletic club plans to see entries in each weight. These and many "unattached" entries makes it an assured fact that it will be the greatest boxing carnival ever held in Indiana.

### "No Work" Sign For Dempsey

By HENRY L. FARRELL,  
(United Press Sports Editor)  
New York, March 13.—In the three years that have passed since he won the heavyweight championship, Jack Dempsey has engaged in only three bouts.

He went through three rounds with Billy Miske, twelve rounds with Bill Brennan and four rounds with Carpenter.

It will be four years in July since Dempsey won the title at Toledo and in that time he has had the benefit of only nineteen rounds of actual fighting.

No champions in other branches of sport could remain at the top with such scattered opportunities for practice. Babe Ruth was hopelessly handicapped last year by an enforced absence of six weeks. Bill Tilden would have a terrific time to maintain his form if he could play tennis only once a year and Walter Hagen would put his game on the rocks under the same circumstances.

Whether the enforced abstinence from ring work has hurt Dempsey remains to be seen and it may be a long while before a chance comes to find out. Other fighters in the past have laid off for three years without getting off edge. It all depending on how the time was spent outside the ring.

It might be said that the long lay off didn't do Dempsey any good, but it doesn't necessarily follow that it doesn't harmfully.

When he was working out in Madison Square Garden on his recent

visit to New York, the champion looked as good and perhaps better than he ever did. It is hard to get a foundation for accurate judgment in a gym, but it was strikingly apparent that Dempsey was faster on his feet, more graceful in his boxing and more accurate in his punching than he ever was before.

It is Dempsey's own business what he does with his time, but he must be taking good care of himself, because he always appears to be in such good condition. He boxed three rounds recently in the garden with Jamaica Kid, his old sparring partner from Toledo. They went like bantamweights for three full rounds and when they finished, Dempsey was hardly breathing fast. He must be in shape regardless of the rumors that are passed around about him from time to time.

Critics disagree on the benefits that result from stage boxing and exhibition work. An admitted evil is the habit it sometimes develops of pulling punches. But in Dempsey's case, daily boxing on the stage for two years off and on has given him a finished style and produced a general polish. It apparently has not hurt him.

Since he cannot find an opponent suited to the requirements of the New York boxing commission (Dempsey cannot engage in the actual pursuit of his profession and since he cannot fight, it stands to reason that boxing on the stage will do more to keep him on edge than chopping trees or wearing grooves in mountain sides with his feet.

## Hittin' 'Em & Missin' 'Em

### JUST SIMPLY WERE "OFF"

Shelbyville and Connersville newspapers each report that their teams were "off" in the regional at Ft. Wayne, which accounted for their downfall. Indianapolis newspapers, however, gave their opponents credit for victories, and in the case of Shelbyville, said they proved to be a big disappointment.

### MAYBE THEY WEREN'T EVEN THERE

In the list of all regional selections, we failed to find a Connersville player on the team, and not even in the honorable mention list.

### CRAWFORDSVILLE AND RICHMOND ARE TWO TEAMS THAT LOOK GOOD IN THE STATE TOURNEY. DON'T UNDER-ESTIMATE THEM.

Fill in your guessing blank printed Monday night, and bring or mail it to Hittin' 'Em at once.

A big bunch of the guesses arrived this morning. Put on your thinking cap, and be a dopest. Write your name across the blank and fill it out.

### RICHMOND HAS THE RECORD

This time last year Vincennes had

the perfect record but now Richmond is the only team entered in the state tourney that has won all games with 27 to their credit.

### STILL PLAYING HERE

The Rushville high school is still playing basketball. Each night after school two games are being played between the classes, with the Seniors, Juniors, Sophomores and Freshmen lined up against each other. The Juniors have the bulk of the varsity players, with Hilligoss, Walker, Snoddy and McIlwain and Jones. The Seniors have Phillips, Pugh, Ertel, Cartmel, Dailey, Somerville and Culp.

Connersville has high hopes for next year. Practically the same team as this year will take the floor, and they are anxious to book games with only the strongest.

What good does booking games do, and having a string of victories to your credit, when you drop the first game in the regional?

Only sixteen teams out of the 596 starters on March 2 and 3, remain in the race today. The final elimination begins Friday morning, and when Saturday afternoon comes around, there will be only four left, then two, and then the lone survivor, who will be crowned the state champion.

### GEE, OUR DAYS ARE NUMBERED

Hittin' 'em has only five days to exist this spring. If you have anything to say, make it quick and snappy because we're goin' to move on to something else, and come back here again in November.

Fill in the guessing blanks, before you forget about it.

KEEP MAILIN' 'EM TO HITTIN' 'EM.

Don't forget, regardless of your own opinion, that we're still pickin' Anderson.

## WISCONSIN AND IOWA TIED

### Defeat of Indiana Enables Badgers to Tie up Big Ten Race

Chicago, March 13.—Wisconsin and Iowa divide honors for basketball championship. The Badgers, by defeating Indiana 35 to 17 last night established equal rights with the Hawkeyes to the title.

So far as the leaders are concerned the season is over. Only one game remains to be played, Indiana and Purdue on Thursday.

Two weeks ago Iowa had apparently clinched the flag, when the Indiana quintet, a second division team, checked the leaders. Wisconsin, needing every game to tie, staged a driving finish and registered three victories.

### TRAINING CAMP GOSSIP

San Antonio—Jimmy O'Connell, the Giants \$75,000 Rookie is laid up with a sore arm. The ailment is not serious.

New Orleans—As a result of too much training, Babe Ruth's ankles "have gone back on him" and Manager Huggins has ordered the big slugger to take it easier until he entirely recovers from his recent illness.

Clearwater, Fla.—Dutch Ruether, hold out pitcher of the Brooklyn said he had failed to come to terms with the club, and that he was going to return to his home in Florida.

Hot Springs, Ark.—Mike Menoskey and Johnny Mitchell have arrived at the training camp of the Boston Red Sox.

St. Petersburg, Fla.—With the exception of Cruise and Lavathan, all of the Boston Braves are in camp here or on the way. Stuffy McInnis is expected tomorrow.

Orlando, Fla.—Pat Moran today ordered his hurlers to put something on the ball for now begins the battle for jobs on the Red's hurling staff. In a five inning game yesterday the veterans defeated the Colts, 6 to 5. Garry Hermann tonight will see Judge Landis when the future of Rube Benton will be decided.

Augusta, Fla.—The Detroit Tigers will participate in a battling orgy today, during which Manager Cobb plans to use all his pitchers.

Lakeland, Fla.—Manager Speaker announced his batting order today for the first game. Charley Jamieson will be lead off man followed by Wamby, Speaker and Guisto in the clean up position. Homer Summa comes next, then Joe Sewell, Rube Lutske, the catcher and pitcher.

Hot Spring, Ark.—Pitcher Jim Bagby has been ordered to rest for a week by Manager McKechnie of the Pirates. Robert Forward, the big fellow from Nova Scotia arrived yesterday.

Montgomery, Ala.—The deal that sent Sammy Hale, \$75,000 Portland player, to the Athletics is not yet completed as Frank O'Rourke has refused to report to the Pacific coast league team. Hale has a spiked foot and is doing little work.

Leesburg, Fla.—The regulars and Yannisians of the Phillies will meet in a practice game again today. Seven innings will be played. In yesterday's exhibition the veterans won from the recruits, 13 to 7.

Tampa, Fla.—The Senators are so far advanced in their training that Donnie Bush may be forced to slow his men down in a day or two. Bush will push his men along gradually and expects to have them on edge.

### NOTICE OF FINAL SETTLEMENT OF ESTATE

Notice is hereby given to the creditors, heirs and legatees of Ann Madden, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 28th day of March, 1923, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares. Witness, the Clerk of said Court, this 3rd day of March, 1923.

LOREN MARTIN,  
Clerk Rush Circuit Court.  
March 6-13-23.

Mrs. Arnold Ormes will be hostess to the members of the Rebekah Crochet club Thursday afternoon at her home in North Morgan street. An interesting program has been arranged for this meeting and all the members of the club are cordially invited to attend. In the evening a pitch-in chicken supper will be served.

## MRS. BUTLER'S ACHES AND PAINS

Vanished After Using Lydia  
E. Pinkham's Vegetable  
Compound

W. Philadelphia, Pa. — "When I cleaned house last April I must have overlifted, for after that I had pains and aches all the time and was so discouraged, I could hardly do my own housework, and I could not carry a basket of groceries from the store nor walk even four or five squares without getting terrible pains in my back and abdomen and lower limbs. I went to visit a friend in Mt. Holly, N. J., and she said, 'Mrs. Butler, why don't you take Lydia E. Pinkham's Vegetable Compound?' My husband said that if it did her so much good for the same trouble, I should try it. So I have taken it and it is doing me good. Whenever I feel heavy or bad, it puts me right on my feet again. I am able to do my work with pleasure and am getting strong and stout. I still take the Vegetable Compound and Liver Pills, and am using Lydia E. Pinkham's Sanative Wash." — Mrs. CHARLES BUTLER, 1233 S. Hanson St., W. Phila., Pa. Write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for a free copy of Lydia E. Pinkham's Private Text Book upon "Ailments of Women."

The Pythian Sisters will have a call meeting Wednesday night in the K. of P. hall in West Second street.

The choir of the St. Paul's Methodist Episcopal church will hold their regular rehearsal tonight promptly at seven o'clock in the church.

The American Literary Club will meet at the home of Mrs. Florence Abercrombie Wednesday afternoon, and all members are urged to attend.

The W. W. T. class of the First Baptist church will be entertained Wednesday evening at the home of Miss Lois Ethel Steffy in North Jackson street.

The Band of Workers of the First Presbyterian church will meet in the parlors of the church Wednesday afternoon. As very important business will be transacted at this meeting a good attendance of the membership is urged.

Mr. and Mrs. Charles Meyer were host and hostess to a prettily appointed 6:30 dinner party Saturday evening at their home south of the city. Covers were laid for Mr. and Mrs. George Billings and family, Russell Reese, a student of Purdue University, and Mr. and Mrs. William H. Meyer and family.

Mrs. Fremont Peters entertained with a six o'clock dinner party last Thursday evening at her home in this city, honoring the birthday anniversary of her son, J. W. Peters. The guests were Mr. and Mrs. J. W. Peters, Mr. and Mrs. Herschel Peters, Mr. and Mrs. William H. Meyer and family, and Mr. and Mrs. George Peters and daughter Mary Ellen.

Mrs. Wilbur Stiers will be hostess to the March meeting of the D. A. R. Thursday afternoon at her home in North Perkins street. Mrs. Martha Grindle will give a talk at this meeting on "The Passion Play". The assisting hostesses will be Miss Alice Norris, Mrs. Florence Biner, Miss Emily Blackledge, Mrs. Comma Rea, Mrs. Frances O'Neal and Miss Sallie Adams.

Mr. and Mrs. Herman Stalker delightfully entertained with an informal party Sunday evening at their home in Orange. The guests included Mr. and Mrs. Ralph Dolan and daughters Mable, Hazel and Nita Grace, Mr. and Mrs. Frank Hinchman, Miss Leona Nuckles, Miss Dessie Russell and Miss Margaret Hite and Irvin Long. Dainty refreshments were served by the hostess at the close of the meeting.

## Safety Sam

Mrs. Harding shook hands with the engineer when the special got to Florida, probably feeling as tickled as him over making the trip without killing any foolhardy motorist.

## SIX REBELS EXECUTED

Dublin, March 13.—Six Irish rebels were executed today, one at Cork (two at Mullingar and three at Westford. One of the insurgents was James Rouke, who was charged with participation in an attack upon free state troops and with carrying arms.

## REWARDED BY FRIEND

Logansport, Ind., March 13.—John Kelley, former messenger boy capitalized to the extent of \$35,000 today on his ability to make friends. Samuel Wadsworth, of El Reno, Okla., a chance acquaintance died and left his entire estate to Kelly.

"What doth it profit, my brethren, if a man say he hath faith but hath not works?"

## First Presbyterian Church PRE-EASTER SERVICES

March 18th to April 1st

We Invite You to Enter Heartily Into These Services  
They are for you and your friends.

We'll Have Happy, Helpful Sermons and  
We'll Sing Those Good Old Gospel Songs.

"If ye abide in Me, and My words abide in you, ask whatsoever ye will, and it shall be done unto you."

## Ex-Congressman Joins Girls' Anti-Flirt Club

Washington, March 13.—Manuel Herriek, ex-congressman from Oklahoma, who stirred the capitol some months ago with his crusade against beauty contests, today joined the Anti-Flirt club, composed of pretty government workers.

Herriek urged the girls to be "strong of heart, grit your teeth and forge ahead in your righteous cause." He warned them to beware of the young man who asks girls to go automobiling.

"Remember that all young men who ask a young lady to ride in a machine do not do it simply to save her a walk," he said. "The other day I heard a young man say to a young girl whom he accosted on the street, pardon me, sweetness, give me your name and address, and the poor misguided girl gave her name and address."

"When I read of your noble work on putting down the masquerade I could not resist coming out here to talk to you and advise you to put a little pepper into your organization (and to expect to have a fight against a powerful foe. Your ideal is a high and noble one and if it can survive, it will be the most helpful and should be aided, abetted and commended."

Herriek called attention to the trials and tribulations visited on him in his fight to protect the beauties of the capitol and warned the girls to be on guard against those who try to "put it over" on them.

"They did it on me after the introduction of my bill in congress and my protests and campaign. Tactics used were worthy of 3,000 years ago."

## REPARATIONS PLAN UNDER DISCUSSION

Continued from Page One  
Many arrests were effected in the disturbed area which is held in an iron grip. An example of the French firmness is that German civilians at Buer are not permitted to walk on the sidewalks, nor to put their hands in their pockets.

Conflicting reports regarding the number of Germans killed within the last 48 hours vary from four to ten. German sources reported two civilians shot after a court martial last night; later dispatches made it appear the report was untrue. There was no confirmation of a report from Buer that French sentries shot three Germans for evading the curfew law.

A report from Offenbergh stated 170 German families, mainly workers were ordered to evacuate the barracks they have used as homes since the war. These people, according to the German advices have no place to go.

## STOMACH UPSET?

Get at the Real Cause — Take  
Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

## 100 WAYS To Make Money

By BILLY WINNER

If I Could Prepare Salads—

I DON'T know whether the knack of preparing salads is a gift or an accomplishment. Nearly every one of my friends knows the rules for tasty salads; different ones specialize in different salads and dressings.

There's an ideal. If you can prepare salads that "hit the spot," why don't you prepare salads for other folks? There are scores of women in this city who would be delighted to learn of some one on whom they could depend for already prepared salads or really good salad dressing.

The way is simple—advertise in the Want Ad Columns of The Daily Republican. An Ad-Taker is waiting to help you word your ad so that it will bring the best results.

## ORGANIZES A NEW COMPANY

### Ward H. Hackleman Forms Partnership For Selling Of Insurance

Ward H. Hackleman of Indianapolis, formerly of this city and son of Dr. P. G. Hackleman, who has been general agent in Indiana for the Massachusetts Mutual Life Insurance company, has formed a partnership to be known as Shields

and Hackleman, for the purpose of selling life insurance and annuities, according to the following announcement in the Indianapolis Star.

Announcement has been made by Ward H. Hackleman of the formation of a new partnership for the selling of life insurance and annuities for the Massachusetts Mutual Life Insurance Company. The business will be conducted through the company's Indiana agency, Mr. Hackleman, general agent. The new partnership will operate under the

firm name of Shields & Hackleman. The firm will specialize to a certain extent on life insurance in connection with Federal income and inheritance taxes and local taxes.

## 400 MILLION DOLLARS TO FALL DUE THURSDAY

Indicate Income Tax Falling Due During Year Will Amount To \$1,600,000,000

### TAXES SHOWING AN INCREASE

By PAUL R. MALLON  
(U. P. Staff Correspondent)

Washington, March 13—Four hundred million dollars will be poured into the government coffers before midnight Thursday by income taxpayers, the treasury department estimated today.

As the majority of the taxes are paid quarterly installments this means that the returns now being filed in a great eleventh hour rush will call for tax payments during the year of approximately \$1,600,000,000.

The March 15 payment is expected to be about \$20,000,000 greater than last year, thus reflecting the generally improved business condition last year, as compared with 1921, which was affected by the post-war slump.

### COTTAGE PRAYER MEETINGS

The cottage prayer meeting held at the home of Mr. and Mrs. D. C. Bodine in this city last evening, proved to be a very interesting meeting. An interesting talk was given by the Rev. S. E. Polovina, better known as "Methodist Sam." He gave some excellent advice to those present in preparation for the coming evangelistic campaign to be conducted at the S. Paul's Methodist Episcopal church beginning next week, and continuing until Easter. Cottage prayer meetings are being held each evening this week at the different homes of members of the church, except Thursday evening, when union meetings will be held at the church.

There will be a social pitch-in at the Milroy Christian church Friday evening March 16. All members are urged to come.

## TWO GREAT SHIPS FOR AIR SERVICE

United States Converts Building Of  
Battle Cruisers Into Ships For  
Air Crafts

### TWO YEARS WORK REMAINS

When Completed They Will Be Used  
To Carry Airplanes And Provide  
Place For Landings

Camden, N. J., March 13.—Two floating airbases are now under construction for the United States, one at the New York ship building yards here, and the other at the Fore River Shipyards.

Originally the two airplanes were to have been the battle cruisers Saratoga and Lexington. Modification of the naval program at the Arms Conference prevented this. Pence programs and their like, however, are not interfering with development of the art of aerial naval warfare.

Rather than waste the \$7,000,000 worth of labor and material that had already gone into the construction of the ships, it was determined to convert them into airplane carriers with super-equipment of every sort.

Each of the carriers is to be 850 feet long with a beam of 105 feet. The upper surfaces of each boat will be fashioned into a long flat landing platform for airplanes. The smokestacks will look like three stacks widened and flattened into one and will be crowded to the starboard side of the ship to allow room for the easy landing and taking off of the air fleet the ship will mother.

Storage facilities for airplanes and machine shops for their up-keep and repair shops will be below decks. When placed in commission, the two carriers will be combination hangars, machine shops and landing fields.

The speed they will be able to attain is intended to permit them to keep ahead of an enemy battleship and to dodge torpedoes fired from enemy destroyers and submarines. Their engines will be capable of developing 180,000 horsepower through four electrically driven shafts. The

## AMUSEMENTS

### At Princess Again Today

An unusual massive set even for these days of massive picture construction is that of the theatre scene in William de Mille's great Paramount picture production of "The World's Applause," featuring Bebe Daniels and Lewis Stone, which will be the attraction at the Princess again today. An immense stage was built at the Paramount studio, on which the superb Egyptian scenes of Cleopatra's day are enacted and in which Miss Daniels, in royal costumes takes part. Many hundreds of persons constitute one of the largest audiences ever gathered in any similar scene. Miss Daniels, as Corinne d'Alys, a popular idol, scores her greatest stage triumph and how her subsequent career is blasted by the breath of scandal, the story graphically tells. There are many dramatic and thrilling moments in the development of the story, the timeliness of which is one of its strongest assets. Lewis Stone is featured in the production with Miss Daniels.

### Coming Soon To Mystic

Forbidden to talk to the girl who meant everything to him, how could he overcome the barrier? Tom Morris did not know why her father had barred him out, but he meant to discover. What was more, he meant to win the girl. This is a turning point in the Fox photoplay "Man's Size", which will be seen Wednesday at the Mystic. William Russell, whose popularity in outdoor roles

carriers will be able to develop a speed of 33 knots an hour (about 39 miles) despite the fact that each ship will weigh more than 33,000 tons.

The superiority of the ships will be increased by the completeness of the radio installation, the elevators for lifting aircraft to and from decks, cranes for hoisting heavier reconnaissance planes and their maneuverability in a heavy sea.

The two carriers will be completed within two years.

is widespread, is the star in this pieturization of William McLeod Raine's novel of the same name. Alma Bennett gives a charming portrayal of the girl in the story. The film is said to have heightened the dramatic values possessed by the book. The cast has been specially chosen to help the director to create a tensely powerful situation, enhanced by the realism of the actors' performance.

The settings are in the Canadian Rockies among picturesque scenes whose beauty will be transmitted by the skill of George Schneiderman; a cameraman to whom the critics have already given their full meed of praise for his photographic excellence in "The Village Blacksmith."

### COAL CONSUMPTION IS GREAT

Indiana Used 201,410 Tons In January To Generate Electricity

Indianapolis, Ind., March 13.—It takes a lot of coal to produce the electric light and power consumed in Indiana every month, according to figures made public by the Indiana Public Utility association. In the month of January alone, the electric light and power industry used up approximately 201,410 tons of coal. To the average man, five tons of coal is a whole lot in March. In order to break up the large number into small ones that may be understandable, it might be explained that the 201,410 tons used by the electric industry in January, means about 4000 car loads of coal. It means, also, a daily average of 6,479 tons.

Coal consumption by the electric industry is a fair reflection of business conditions, according to officials of the association. This being true, business now is regarded as much better than it was last summer, for in January the electric industry used 35,000 tons more coal than it used last September.

### SCHOOL TEXTS ARE PICKED

State Board Meets Today To Make Selection For Schools

Indianapolis, Ind., March 13.—Complete lists of textbooks to be used in Indiana high schools during the next five years were chosen by the state board of education at a meeting here today. The present text book contracts expires following the close of the present school term.

More than forty books, involving an estimate expenditure of \$1,000,000 are to be chosen. Arrangements were made today for advertising of bids and a date will be set for the adoption. Fourteen publishing companies now hold state contracts.

## You'll win the fight against Constipation with Kellogg's Bran!

It is wonderful news for every constipation sufferer to know that Kellogg's Bran guarantees permanent relief if it is eaten regularly. Two tablespoons each day; as much with each meal in chronic cases—taken consistently—will work health wonders, driving out toxic poisons, freeing affected organs and allowing nature to eliminate the wastes in its own way!

Think what this means to health when you know that constipation is responsible for a large majority of human ailments; that it is often the direct cause of Bright's and diabetes; that, in milder form, it is responsible for sick headaches, biliousness, nausea, sour breath, pimples, etc.

Get a package of Kellogg's Bran to-day and fight against constipation and what it leads to! Free your family

from its ravages; free yourself from its grip! Within a week you will be surprised at the improvement.

Kellogg's Bran is not only a permanent relief from constipation, but it is a health food, containing mineral salts as well as other vital food elements that are a necessity to human life.

Eat Kellogg's Bran as a cereal, or sprinkle it on or mix it with other hot or cold cereals because it is ready to eat. It is delicious cooked with hot cereals. And, you have missed much if you do not know the delights of bran muffins, bran raisin bread, bran griddle cakes, etc.

Leading hotels, clubs and restaurants serve Kellogg's Bran in individual packages. All grocers sell Kellogg's Bran.

# THE WM. G. MULNO CO.

"The Home of Standardized Values"

# THE HOME GARDEN

What is Home without a Garden?

## GROWING DAHLIAS FROM SEED

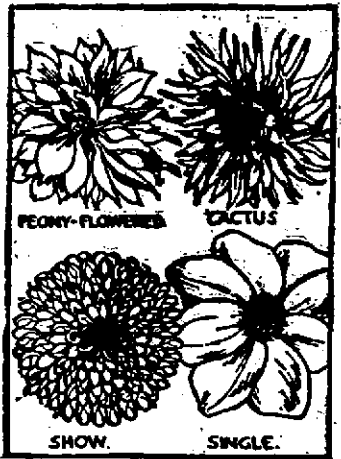

Dahlias are now running the chrysanthemum a close race for the honor of being queen of the autumn in the garden, the new races of dahlias showing some of the most wonderful flowers, both in size, color and texture, that horticulturists have yet produced for the garden. While some of the newer varieties are too expensive for the ordinary pocketbook, anyone may have the fun of raising new dahlias at very small expense.

Dahlias grow as readily from seed as zinnias, and bloom the first year. As the plants are hybrids, the seeds produce a great variety of color, form and markings and some fine varieties may be secured from a packet of seed. All will be good and well worth growing.

While all will not be as fine as the better grade named varieties, some of them are likely to be first class. A packet of seed will furnish a fine collection of dahlias as a basis for experimentation and comparison of the different types.

The seed should be sown in the house in March or early April. It is coarse and easily handled. It should be placed about two inches apart in the seed box if the grower does not wish to go to the trouble of several transplantings before the weather is sufficiently settled to set the plants in the open ground. The best plan is to transplant the seedlings

into paper flower pots during their early growth, and in this manner

Dahlia Types

they may be handled very easily and shifted to larger sizes as their growth demands it without disturbance of the roots.

It is a simple matter to sow the individual seeds in these pots at the start and save considerable work. These seeds need a warmer window than other plants to be started from seed in the house, and should not be allowed to chill, as they are very susceptible to cold. Do not overwater, but see that the soil is not allowed to dry out.

## PLOW POTATO GROUND EARLY

Should Be Reworked Early Until Planting Time In Order To Get Best Results

### USE PLENTY OF SEED ADVICE

Number Of Eyes Not So Important Provided Every Piece Has One Or Two Eyes

Potato soil should be plowed deep and early and reworked frequently until planting time. For the early crop planting should be begun in Rich county as soon as the ground becomes dry enough to work. Our best growers have found that the earliest plantings give the best yields. A distance of not more than 36 inches between rows with pieces dropped every foot for the early crop and 1 to 18 inches for late, will give good yields. Seed pieces should be cut just previous to planting. It is very important that plenty of seed per acre be used as large sized seed pieces give more vigorous plants which greatly increase yields. Most farmers in cutting their seed potatoes cut into pieces of one or two eyes. However the number of eyes is not so important provided every piece has one or two good eyes, as the size of the seed piece.

It has been found that where peeling gave a yield of 2 bushels per acre, two ounce seed pieces gave two hundred bushel yields under the same growing conditions. Potato growers generally recommend a piece about two ounces in weight or about the size of a hens egg.

Where the furrows are opened with a single shovel, only a few should be opened at a time and the seed pieces dropped in them and covered before the soil has time to dry out. Many poor stands are caused by opening the furrows and allowing the soil to become hot and dry before covering.

In planting then use at least 12 bushels of seed per acre and be sure and plant good sized seed pieces—as large as hens eggs are best. Plant in moist soil and cover pieces as soon as they are dropped. These are the secrets of many good stands.

## CARTHAGE

The Knightstown band gave a minstrel show here Tuesday night.

Mrs. Robert Hudson was called to Richmond Wednesday by the illness of her mother.

Mr. and Mrs. John Leisare who have both been ill for some time, are improving nicely.

Mrs. Vern Plummer spent part of last week with relatives in Indianapolis.

Mrs. Douglas Cooper and Mrs. Howard Henley were visitors in Indianapolis Tuesday.

Miss Mattie Clark who was ill for the past week, is able to be in the library again.

The Methodist Aid Society met Wednesday with Mrs. Goldie Menden.

Mr. and Mrs. Walter Phelps were business visitors in Indianapolis Wednesday.

Mrs. Robert Tilley has returned from a visit with relatives in Terre Haute.

Mrs. R. E. Sears has returned from a visit with her mother in North Vernon.

Mr. and Mrs. Sherman Addison of Anderson spent the week-end with Gurney Earnest and family.

Lennard Moore of Rushville was the guest of his aunt, Mrs. Glen Kaler, Wednesday.

Mr. and Mrs. M. E. Jackson of Greenfield spent Wednesday with Mr. and Mrs. Fred Addison.

Mr. and Mrs. H. T. Beher and Mr. and Mrs. Russell Phelps were visitors in Indianapolis Thursday.

Miss Ethel Hiatt of New York City spent last week with her sisters Mrs. Al Carr and Mrs. Michael Kyser.

Dr. and Mrs. W. Vandament gave a party to a large number of their friends Friday night.

The Thimble Club met Tuesday (today) with Mrs. Irvin M. Hill.

The Country Club will meet Thursday with Mrs. James McGeorge.

Mrs. Miranda Addison has returned from an extended visit with her daughter, Mrs. Royal Lee of Arlington.

Mrs. Hubert Hill spent Tuesday with her sister, Mrs. Waldo Binford, who recently underwent a surgical operation at the Methodist hospital in Indianapolis.

Senator and Mrs. Rowland H. Hill returned home from Indianapolis last

## UNHEALTHY PIGS CAUSE LOSSES

Poor Serum Is Not Cause of Hog Cholera Vaccination Troubles as Generally Supposed

### AN INVESTIGATION IS MADE

Advised to Vaccinate Pigs Few Weeks Old When Exposed to Cholera and not Wait Until Afflicted

It is the general opinion of stockmen that hog cholera vaccination troubles are the result of using "poor serum". In the early years of vaccination work, "poor serum", low dosage, and careless administration were responsible for heavy losses, but these conditions have been corrected to a very large degree.

In the spring of 1922 the death rate was unusually heavy following vaccination. Hundreds of "trouble cases" were carefully investigated by the veterinary department of Purdue University. In practically all cases the history and post mortem examination showed that the pigs were not healthy at the time of vaccination. The diseases responsible for the condition of the vaccinated herds were common in unvaccinated pigs, but because of low vitality, the death rate was increased by vaccination.

How can loss during the first few weeks following vaccination be prevented? First, by vaccinating pigs a few weeks old if they are exposed to cholera, and not waiting until a few of them are sick. Second, giving large doses of serum and virus. Third, if a few hogs are off feed, or sick, the veterinarian should be given this information, as it may be advisable to postpone vaccinating the herd. It is not best to vaccinate hogs that have "pig typhoid", "flu" or necrosis of the mouth and intestines, unless serum only is used. Successful vaccination requires a knowledge of hog diseases, and an appreciation of the importance of observing the condition of the herd before vaccinating them.

The most serious loss occurring in vaccinated hogs results from using cholera virus that has lost its virulence. Hogs that have not received active or permanent immunity, may "break" or show visible symptoms of cholera as early as three or four weeks following vaccination, if exposed to the disease.

Both the owner of the hogs and the veterinarian who vaccinated them should be continually looking for "breaks". Sometimes hemorrhagic septicemia, or mixed infection bacteria is used for re-vaccinating, instead of cholera blood and serum. This delays effective treatment and results in heavy loss. Play safe: re-vaccinate early in the "break" using large doses of cholera serum and virus.

Wednesday, where they have been staying during the session of the legislature.

Miss Abbie Clark was a visitor in Richmond this week.

The Rev. Arthur Jean spent last week in Campbellsville with her father, who is seriously ill.

The Christian Helpers gave a jiteny supper here Saturday night.

Miss Louis Hahn who lost her eyesight temporarily, caused by a blow from a rock shot out of a "nigger shooter," is greatly improved at present. She was in a hospital in Newcastle last week but is home now.

Mrs. John DeSchipper is seriously ill at her home here with the pneumonia poisoning.

Mr. and Mrs. Lewis of Indianapolis spent the week-end with Dr. and Mrs. G. B. McNabb and son Junior.

Mr. and Mrs. C. P. Baird of Indianapolis spent the week-end with her mother, Mrs. Art Longhurst.

Mr. and Mrs. V. L. Tetrick attended the wedding of his sister at Fairmount Thursday.

Mr. and Mrs. Roy Herkless and daughter Miss Mildred attended church at the Christian church in Knightstown Sunday.

Harry Ale spent the week-end with relatives in Noblesville.

Mrs. George Ewing is visiting her sister, Mrs. Nancy Duncan in Newcastle.

Miss Vivian Hinton of Arlington spent Friday with Miss Myra McDaniel.

Little Maxine Ewing, who has been ill with pneumonia, is somewhat improved.

Mr. and Mrs. Gilbert Minor of Knightstown spent Sunday with relatives here.

Clarence Mattix and family spent Friday with relatives in Raysville.

### FLORENCE OIL COOK STOVES

MORE HEAT LESS CARE

## Florence Portable Oven

COME in and see this wonderful Florence Oven. It has many worth-while improvements. You must see it to appreciate it.

Bigger oven means more cooking space. Lining is arched at the corners like a baker's oven—insuring even heat distribution. Shelves adjustable to five positions—and are firm and strong. New latch and handle. Glass door. The new door and asbestos lining keep all heat inside. Best for oven cookery.

**E. E. POLK**  
Hardware Stoves

### Meals on Time

It's easy to get meals on time when you have a Florence Oil Cook Stove to help you. The steady blue flame needs no coaxing and the roast and cake come out fit for a king.

It's easy to keep a Florence clean. It burns kerosene—a cheap, convenient fuel.

Can't we show you our line of Florence Oil Cook Stoves? We have one that you will want. Come in today.

## Cold Rain Road

William Emsweller and family of near Rushville were the Sunday guests of Melvin Miller and family.

Ira Waddle of near Madison is working for Fred Krugg this season.

Mr. and Mrs. Arthur Kemper of near Mays spent Sunday with Mr. and Mrs. Melvin Miller and daughter.

Mrs. Fred Krugg who has been ill for over a week with the influenza, is improving slowly.

There will be a Sunday school and Christian Endeavor convention of the United Brethren class held at the Hopewell church March 27, 28 and 29. All are cordially invited to attend these services.

Miss Blanche Emsweller of near Rushville has been staying with her sister, Mrs. Melvin Miller for a few days.

Fred Krugg motored to Andersonville Friday afternoon.

Mr. and Mrs. Gail Pike were visitors in Rushville Saturday.

Mr. and Mrs. William Angle of Clarksburg spent Friday with Mr. and Mrs. Roy Angle and son.

Ira Waddle was the dinner guest of Mr. and Mrs. Melvin Miller and family Sunday.

Mrs. Charles Simpson and daughter Wilma spent Thursday afternoon in Andersonville.

Fred Krugg visited his mother near Clarksburg Saturday.

Mr. and Mrs. Arthur Browning and Elmer Perkins motored to New Salem Thursday night.

Mr. and Mrs. Gail Pike motored to Clarksburg Friday night.

Little Virginia Ruth Washburn who has been ill with a cold, is slowly improving.

Mr. and Mrs. Firman Tarplee and son Pike, Mr. and Mrs. Kenneth Helman and Helen Brickler were Sun-

day guests of Mr. and Mrs. Joseph Pike and Mr. and Mrs. Gail Pike.

## ANDERSONVILLE

Mr. and Mrs. Ophir Gwinnup entertained Sunday Clifford Spacey and Ruth Shrewood.

James Barber of Indianapolis visited relatives here Sunday.

Mrs. Noland Clark and sons visited Mrs. Raymond Shrewood and son Thursday afternoon.

Oliver Cooksey and John Moore were visitors in Indianapolis Saturday.

Mrs. Bert Hankins of Rushville is visiting relatives here.

Mrs. W. O. Clark entertained at dinner Sunday Mr. and Mrs. George Goble.

The infant son of Mr. and Mrs. Al Griner has been ill at his home here.

Alberta Loffler is working in Rushville.

Mrs. Raymond Shrewood and son visited Mrs. James Hedrick Wednesday.

Mrs. Fred Boyington of Indianapolis is visiting home folks here.

Mrs. Vina Clark and son Charles Fredrick visited Mrs. Walter Shrewood and daughter Ruth, Saturday afternoon.

Miss Susie Marshall of Laurel visited her father, Ed Marshall a few days this week.

Jack Marsh who is ill at his home here, is slowly improving.

Andrew Moss Clark visited his uncle, Marion Clark, Saturday afternoon.

Edgar Marlin and family were visitors here Saturday night.

Minnet Poor and family moved from the Hankins property near Laurel this week.

## MILROY

Miss Mary Shellhorn was the guest of Gertrude McCorkle at dinner Sunday.

Miss Lois Anderson, a student of DePauw University, spent the week-end with her parents, Mr. and Mrs. J. W. Anderson.

Willard Hood, who is attending a school of pharmacy in Indianapolis, spent the week-end with his parents, Mr. and Mrs. Jake Hood.

Mr. and Mrs. Worth Kelly entertained at dinner Friday, the Rev. and Mrs. R. R. Cross and family and the Rev. R. O. Pearson.

Mr. and Mrs. Paul McDaniel spent Friday in Rushville.

Fred Shephard spent Thursday in Indianapolis.

Miss Maggie Laughlin was a visitor in Rushville Wednesday.

Mrs. Virgil Maffett of Rushville was the guest of Ella Richey Friday.

Mrs. Russell Harton was a visitor in Rushville Saturday.

Mrs. W. W. Barton has gone to Nashville, Tenn., for a several weeks visit with Mrs. George Smith.

Mrs. Emma Brazelton, of Danville, Ill., spent several days last week with her niece, Mrs. Russell Harton.

Miss Lola Tague of Brookville, spent Sunday at her home west of here.

Mr. and Mrs. Jake Hood and family entertained at dinner Wednesday, the Rev. R. R. Cross and family and the Rev. R. O. Pearson.

Mr. and Mrs. Willard White and family were the guests of Mr. and Mrs. Roy Shellhorn Sunday.

Willard Hood was the dinner guest of Lowell Innis Sunday.

Miss Catherine Bosley spent the week-end with Miss Margaret Guffin of Rushville.

Mr. and Mrs. Frank Warwick of Rushville spent Sunday afternoon with Mr. and Mrs. I. N. Downs and family.

Miss Lois Anderson was a visitor in Rushville Saturday.

John R. Beasley spent Sunday in Franklin, the guest of friends.

Miss Camella Mansfield spent Friday in Rushville.

The Misses Mildred Booth and Florine Hood were visitors in Greensburg Saturday.

Dr. and Mrs. W. T. Lampton and Mrs. Jessie Hays visited friends in Shelbyville Saturday.

Miss Yuma Houghland was the dinner guest of Dorothy Cady Sunday.

Miss Ella McCoy and John McCoy of near Clarksburg spent Sunday with Mr. and Mrs. Clyde Kitchen and family.

Lawrence Jackman, Carlos McKee and Frank Jackman spent Sunday evening in Indianapolis.

P. T. Innis was a business visitor in Indianapolis Tuesday.

Eugene Fishel of Hope visited friends here Sunday.

Miss Maurita Buell spent Sunday evening with Mary Shellhorn.

## FARM PRESIDENT SPONSORS APPEAL

W. H. Settle, Head of Indiana Farm Bureau, Urges Contributions of Corn by Farmers

### FOR NEAR EAST RELIEF

If Farmers Donate Like They Did Last Year, Indiana Will Provide 100 Cars or More

In a letter addressed to county presidents of his organization and to farmers generally over the state, W. H. Settle, president of the Indiana Farm Bureau Federation, emphasizes the "worthiness of an appeal now being made for corn donations for hungry children of the Near East."

"If we can save a life by giving a few bushels of corn we have accomplished a great deal," says the farm president. "Believing this to be a worthy cause I am sure we will be interested to the extent of donating liberally of our means. President Harding has taken a place at the head of this movement and with the assistance of the Red Cross organization and other forces, has backed the Near East Relief. The call has come to farmers of Indiana from the starving and distressed Armenians and information has gone out over this country concerning the distress and the urgent need for food. The committee is therefore asking that the farmers of the state as their share in his relief effort, contribute corn, or money which will be used to purchase corn. It has been arranged so that every bushel contributed, or bought, will reach the Armenians without any charges. If the Indiana farmers will contribute as they did last year, we can furnish more than 100 cars of corn."

The farm bureau president adds that "a great many of us feel that we have done our share but when we have taken into consideration all of the facts as to the helpless condition of these needy children it will give us great pleasure to come to their rescue once more."

### CERTIFIED SEED ARE FAR SUPERIOR

Continued from Page One  
up to the season to do the rest. Last year was a very poor potato season in most parts of the county and the dry weather cut the yield down to a minimum. Yet there are farmers who reported that their certified seed yielded double the home grown or grocery-store seed planted at the same time alongside of the certified. Farmers who are interested in obtaining some of this seed should get in touch with the office of the county farm bureau or O'Neal Bros. not later than noon, Saturday, March 17.

# You'll Be Delighted WITH ONE OR TWO OF OUR NEW HOUSE DRESSES

So comfortable and neat looking.

You might wish to take a pretty spring sweater home with you—a new collar that is so fashionable right now—everyone wants them. Silk gloves and silk hose.

You'll have to come in and look at all the new things. We'll deem it a pleasure to serve you.

## CERTIFIED SEED ARE FAR SUPERIOR

Arrangements Made to Ship in Car  
Load This Spring if Sufficient  
Orders Are Received

### TWO VARIETIES SELECTED

Early Obios for Early Crop and Ru-  
rals for Late Crop—Cobblers May  
be Purchased

Rush County farmers have found  
out that certified seed potatoes are  
far superior to common seed in  
quality and yielding power. Arrange-  
ments have been made to ship in  
another ear load this spring if suf-  
ficient orders are made up by Satur-  
day noon of this week.

Two varieties are being arranged  
for, Early Obios for early potatoes  
and Rurals for late. The county ag-  
ent can refer those interested in  
Cobblers to a local source from  
which good seed can be obtained.  
However these are not certified,  
while the seed that will be shipped  
in will be certified.

Under the average soil conditions  
of the county it is believed that  
Obios are the variety of early pota-  
toes best adapted to our conditions  
and the Rurals are a standard late  
variety that can not be bettered for  
this section. Changing seasonal  
conditions indicate that Rush county  
could raise more potatoes if more  
of a late variety are planted.

Soil and seed are the two con-  
trollable factors that govern the yield  
and profit on potatoes. So if the far-  
mer will put his potato patch on his  
best ground, previously heavily man-  
ured, using certified seed, it is then

### 92 PIGS IN 8 LITTERS

S. R. Mahin, living southwest of  
Rushville, has had unusually good  
success in saving pigs. A sow on his  
farm recently farrowed seventeen  
pigs and fifteen of them lived. In  
eight litters he has had 92 pigs and  
says that his sows have never had  
less than twelve.

## SPRING BAD TIME FOR HOG BUSINESS

Exposure and Poor Care Responsi-  
ble for Larger Percent of Pneu-  
monia in Swine

### FOLLOWS OTHER DISEASES

Excessive Dust in Sleeping Quarters  
Also Blamed for Part of the  
Heavy Loss

At this season of the year and  
through the spring pneumonia is  
common among hogs. Exposure and  
poor care are responsible for the lar-  
ger percent of this disease. It is  
common to find pneumonia following  
some other disease, such as the di-  
sease that appeared during the war  
that has been named "flu" but com-  
monly referred to as thumps. The  
loss from this disease was small in  
most cases, but if the herd was neg-  
lected it was common for pneumon-  
ia to develop and cause a heavy loss.  
The heavy loss sometimes occurring  
in mild forms of hog cholera can  
be traced to pneumonia. It is safe  
to assume that pneumonia is liable  
to follow several different diseases  
affecting hogs, and the best way to

prevent it is by good management  
and care.

It is a very common belief that  
pneumonia is an infectious disease  
of hogs, but this idea is without  
foundation as the common primary  
cause is not a specific infection.  
Good, well ventilated sleeping quar-  
ters with a dry straw bed will pre-  
vent the larger percent of pneumonia  
in hogs.

Last spring we had an unusual  
number of reports at this depart-

### DELIVERING THE GOODS

ment of spring pigs dying with  
pneumonia. The late, cold, wet  
spring plus the failure of many  
owners to provide more suitable  
quarters especially the sleeping  
quarters, was responsible for this  
loss. On many farms an investiga-  
tion revealed the following facts:  
The pigs were allowed to run in  
blue grass or clover fields on the  
cold, rainy days of the very late  
spring. Of an evening when they re-  
turned to their sleeping quarters

## INDICATE IT WILL PAY TO TEST SEED

Results at County Testing Plant  
Show Thirteen Percent of Corn to  
be Inferior

### ROOM FOR FEW MORE BUSHELS

Seed corn tests made at the coun-  
ty testing plant, in the court house,  
indicate that it will pay to test seed  
corn again this year, in spite of the  
fact that last season was favorable  
to drying seed corn. Nine hundred  
and twenty-nine ears have been  
run through the test and thirteen

### WHAT SHOULD A THREE WEEKS OLD PIG WEIGH?

Virgil Simpson of Orange  
township propounded a ques-  
tion for readers of the Farm  
News February 27 when he re-  
cited his experiences on the  
weight of pigs three weeks old  
and asked for the experiences  
of others.

Chester A. Meal of the same  
township was the first to re-  
spond. He tells of a litter of  
eight farrowed January 11  
which weighed 29½ pounds, the  
largest pig weighing 4½ pounds.  
At twelve weeks of age the  
largest pig weighed 19½ pounds  
and the smallest one 14 pounds,  
the weight of the whole litter at  
that age, weighing 132 pounds,  
he says. At seven weeks of age  
the litter weighed 220 pounds,  
the largest weighing 33 pounds.  
The sire and dam of these pigs  
were both registered Big Type  
Poland Chinas.

## GET CABBAGE SEED TO RESIST YELLOWS

Resistant Varieties are Recommend-  
ed to Prevent Yellowing and Dy-  
ing of the Plants

### DISEASE COMMON LAST YEAR

Small Gardner is More at Its Mercy  
Than Any Other Grower—Has  
to Buy His Plants

Cabbage yellows is the worst di-  
sease in the cabbage patches of In-  
diana. The small gardener as well as  
the large grower should get hold of  
the yellows resistant varieties, Wis-  
consin-All season, Wisconsin Hol-  
lander, and Wisconsin Succession.  
The gardener that buys his cabbage  
plants should demand these varieties  
if he has been troubled with yellow-  
ing and dying of his plants.

Last year the yellows disease of  
cabbage was very common in both  
fields and gardens. Many people  
have written that they cannot grow  
cabbage because the plants always  
die before heads are produced.

Mrs. M. J. Weller of Garrett writes  
the botany division of Purdue Uni-  
versity Extension Department,  
"since we have been unable to raise  
any cabbage for three or four years  
because of the yellows, I am writing  
to you for the address of the seed  
company where I may obtain the  
varieties you mention."

Owen Metzger of North Manches-  
ter says:—"Our land here is badly  
infested, so would like to know  
where to get yellows resisting seed."

W. H. Killion of Sandborn seems  
to be bothered more than usual, for

# GET CABBAGE SEED TO RESIST YELLOWS

Continued from Page One  
he states; "Will you please inform me where I will get the seed that don't have yellows disease. I can't raise cabbage at all any more."

The grower that seems affected worst and who is most at the mercy of the disease is the small gardener, especially the city gardener. He usually does not have the facilities to raise his own plants and must depend on some plant grower. For this reason plant growers all over the state have been sent information concerning the places where seed of varieties that will not take the yellows disease, can be obtained. The small gardener can help himself by asking the person from whom he buys his plants to raise one, or all these three varieties, Wisconsin All-season, Wisconsin Hollander, or Wisconsin Succession. These varieties are all mid-season or late varieties but they will produce almost a perfect crop on land that is so thoroughly infested with yellows, ordinary cabbage always fails. Moreover, the heads produced are as good as any variety. There are no resistant varieties of early cabbage but usually early cabbage is not badly affected if it is planted as early in the spring as is possible. Cabbage grown in cool weather does not become diseased but warm weather is sure to bring it on, if the soil is infested.

Go to the county agent or write to the Purdue University Extension Department for the list of seed houses handling the seed of these yellows resistant varieties.

# SPRING BAD TIME FOR HOG BUSINESS

Continued from Page One  
wet and chilled, they were forced to sleep on a wet bed of straw. You can readily see why they developed pneumonia, and the big question is how any of them escaped this disease under such circumstances?

Another contributing factor to pneumonia is an excessive amount of dust in the sleeping quarters. Dust causes irritation of the mucous membranes of the throat, bronchial tubes and lung tissue, and may carry with it infectious organisms. Dust can be kept down by sprinkling

# HEZ BARKER SAYS

road oil over the floor whenever it is necessary. There is no treatment for pneumonia other than good care of the individual. Place the sick animals to themselves in a well bedded, well lighted and ventilated stall and feed lightly of a sloppy feed.

In every case prevention is worth pounds of cures and if it is earnestly practiced, the results will be gratifying not only in preventing pneumonia but other diseases affecting hogs.

# INDICATE IT WILL PAY TO TEST SEED

Continued from Page One  
percent was found to be inferior seed corn. It happens that all the corn tested so far was early selected and rack dried, so that the farmer who will have to depend upon with corn will probably find a larger percent unfit.

Farmers have found that it pays to test seed and the demand for the testing has been increasing every year since the plant was opened three years ago. The county agent has many bushels signed up in advance, with room for only a few more bushels. The plant is small and can't take care of more than fifteen to twenty bushels per week, so will not be able to take care of all the demand.

Therefore, it will be necessary for

many farmers to test their own seed if they want it tested. Last year forty farmers tested seed corn at home, obtaining the special testing paper at the county agent's office. This paper is furnished at cost to farmers wanting it.

# PURDUE JERSEY SETS STATE MARK

Estelle Joan, Four Years Old, Establishes New State Record by Producing 12,336 lbs. of Milk

# BROKE RECORD LAST YEAR

Will Qualify For Both Silver and Gold Medals Offered by American Jersey Cattle Club

The Jersey herd at Purdue University is made up of some excellent animals, and since the addition to the herd of a son of Fauvic's Prince world-famous sire of the breed, the herd is considered one of the best in the state. Within the last few years some exceptionally high records have been made by the university cows which have attracted the attention of Jersey breeders in not only this, but in other states as well.

In 1921 one of the good cows in the Purdue Jersey herd, Purdue's Golden Estelle, finished a record of 14,052 lbs. of milk and 748 lbs of fat, thereby establishing a state Jersey record for all ages. This in itself is a splendid record, but it is of more value when the offspring of such a good cow makes even a better record than the cow herself made.

A daughter of this cow, Estelle Joan, finished a 3 year old record last year of 10,632 lbs. of milk and 635 lbs of fat, thereby establishing a state record for 3 years olds. While the dam of this cow was considered good, this daughter made a much higher record than her dam made at the same age.

This year Estelle Joan as a 4 year old not only kept up her good production but greatly increased it, and established a new state record for 4 year olds when she produced in a year 12,336 lbs. of milk and 701 lbs of fat.

To establish a state record is quite a performance on the part of any cow, but to break state records on each of two successive years certainly shows the remarkable producing ability of any cow.

Not only did Estelle Joan make a new state record, but she is bred to freshen in April, and will thereby qualify for both silver and gold medals offered by the American Jersey Cattle Club for high production.

In making this record this heifer becomes the fourth Jersey cow in Indiana to make over 700 lbs of fat, her mother being the second one, and she becomes the second Jersey cow in Indiana to qualify for an Ameri-

can Jersey Cattle Club gold medal.

This heifer shows as the result of her last three years records the two characteristics so necessary for economic production; first, natural ability for high production; second, persistent production. These are the two characteristics of cows which make dairying a profitable business.

A summary of the production of this remarkable heifer shows what she has done in her three years of production as a heifer:

This heifer has an average of 10,221.6 lbs of milk and 604.7 lbs of fat for her three heifer records. This would be remarkable production for three consecutive years for any cow, and so is more remarkable when it is seen that these records were all made in heifer form.

In commenting on this record Prof L. H. Fairchild, of the Dairy Department said: "Such cows as Estelle Joan, producing almost as much

in a year as four average milk cows in Indiana, will put dairying on a more profitable basis than that on which it is conducted on too many farms, and dairymen in Indiana need more such cows. The three essential things for high production, good breedings, good feeding and good care, have all been given this heifer, and she has demonstrated their value for high and economic production."

# Brown Nut Bread

Per 4 teaspoons melted butter allow 2 eggs, 1 cup each of sugar and sour milk, 3 cup molasses (New Orleans), 1 1/2 cups each of white and graham flour, 1/2 teaspoon salt, 1 teaspoon soda, 1 cup each of seeded raisins and chopped nuts.

Beat the eggs and sugar well together, then add molasses, soda mixed with the milk, salt, flours, raisins and nuts. Mix and bake in a slow oven 1 1/2 hours.

# Help wanted!

The men of America don't have to do the washing—but if they did, they would be as tired of needless laundry toil as American women are.

# The Eden

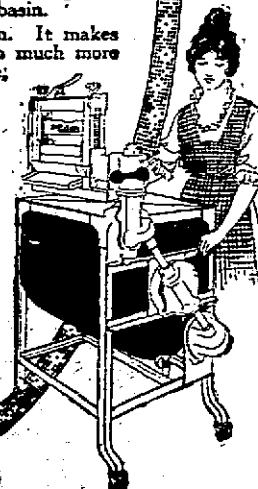

substitutes electric power for man- or woman-power in the home. It substitutes science for backsache. It cleans everything—blankets, linens, all clothes—by dipping them up and down through hot suds a countless number of times as gently as a woman dips a bit of lace in a basin.

There's no rubbing with an Eden. It makes everything wear enough longer to much more than save its cost. It saves time, labor, hard work and wages.

# Try an Eden at home free

Ask us for free demonstration without obligation or expense. If you want to buy an Eden after trying one—you can pay for it the same easy time-payment way that Liberty Bonds were bought.

Phone, write or visit us today.
